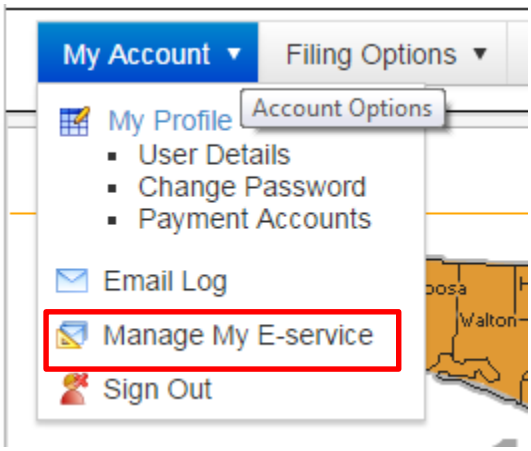
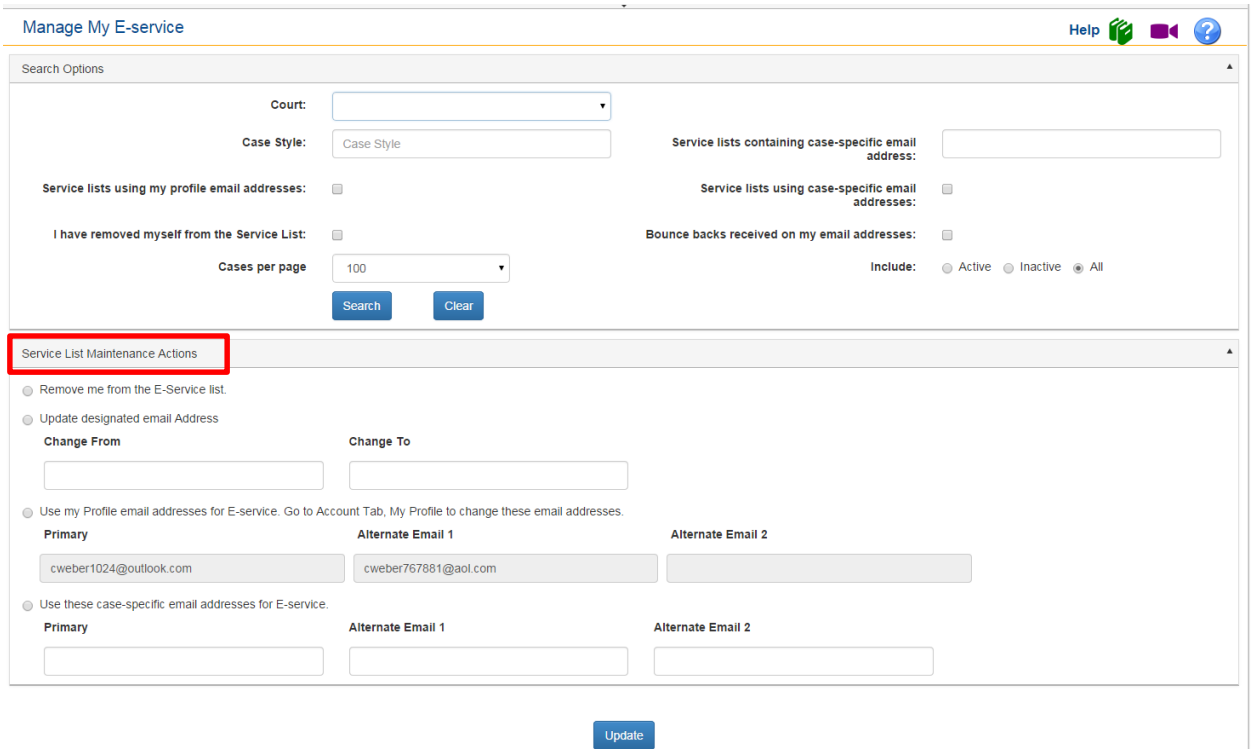
Manage My E-service

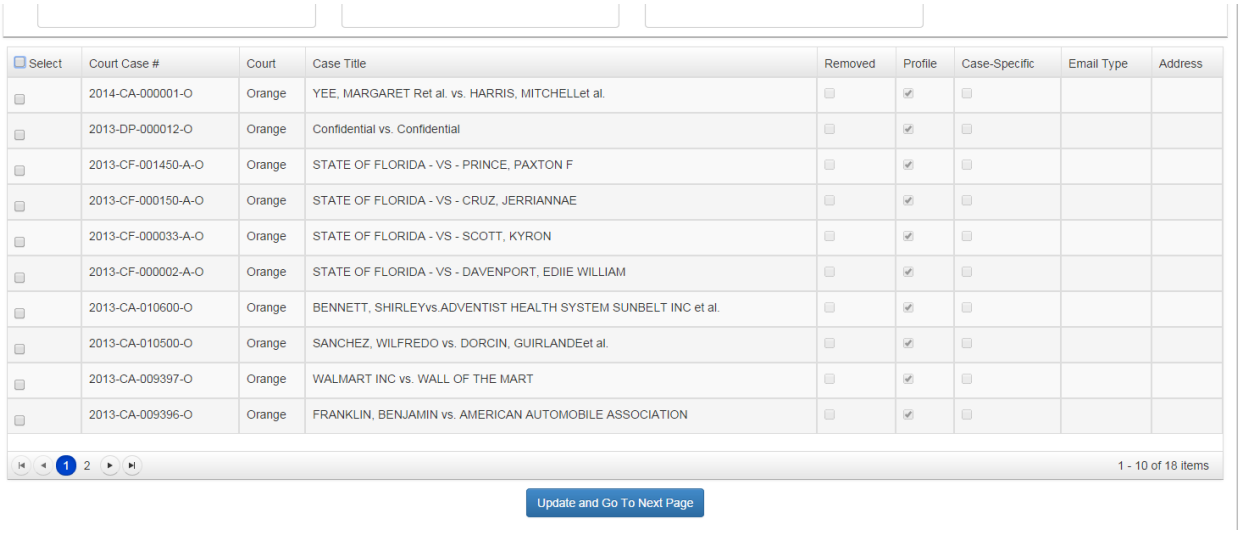
The last option on the My Account menu is **Manage My E-service**.



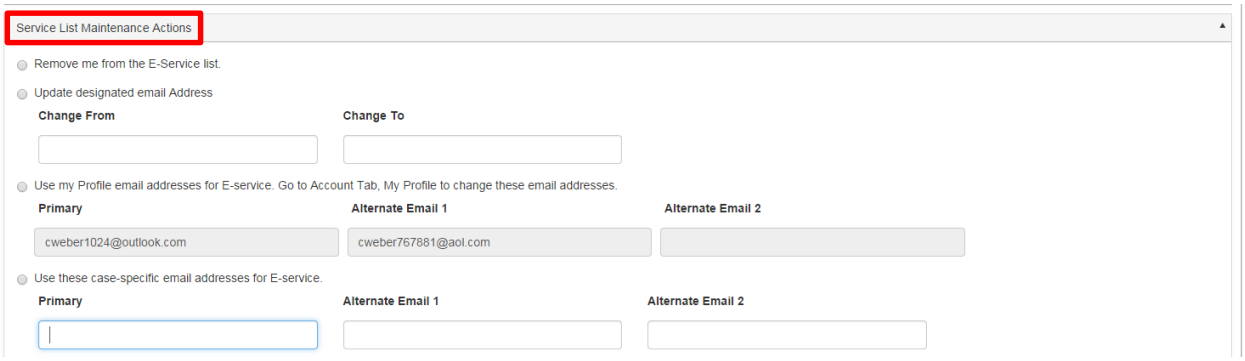
Manage My E-service lets you perform Maintenance Actions on multiple cases at the same time.



You may select any of the Search Options to narrow your result set. You may limit your search to a specific County, Service Lists using your profile email addresses for E-service, using case specific email addresses for E-service, etc. Once you have defined your Search criteria, click on Search to view your result set.



Once you have your E-service Case List, select a Maintenance Action to perform.

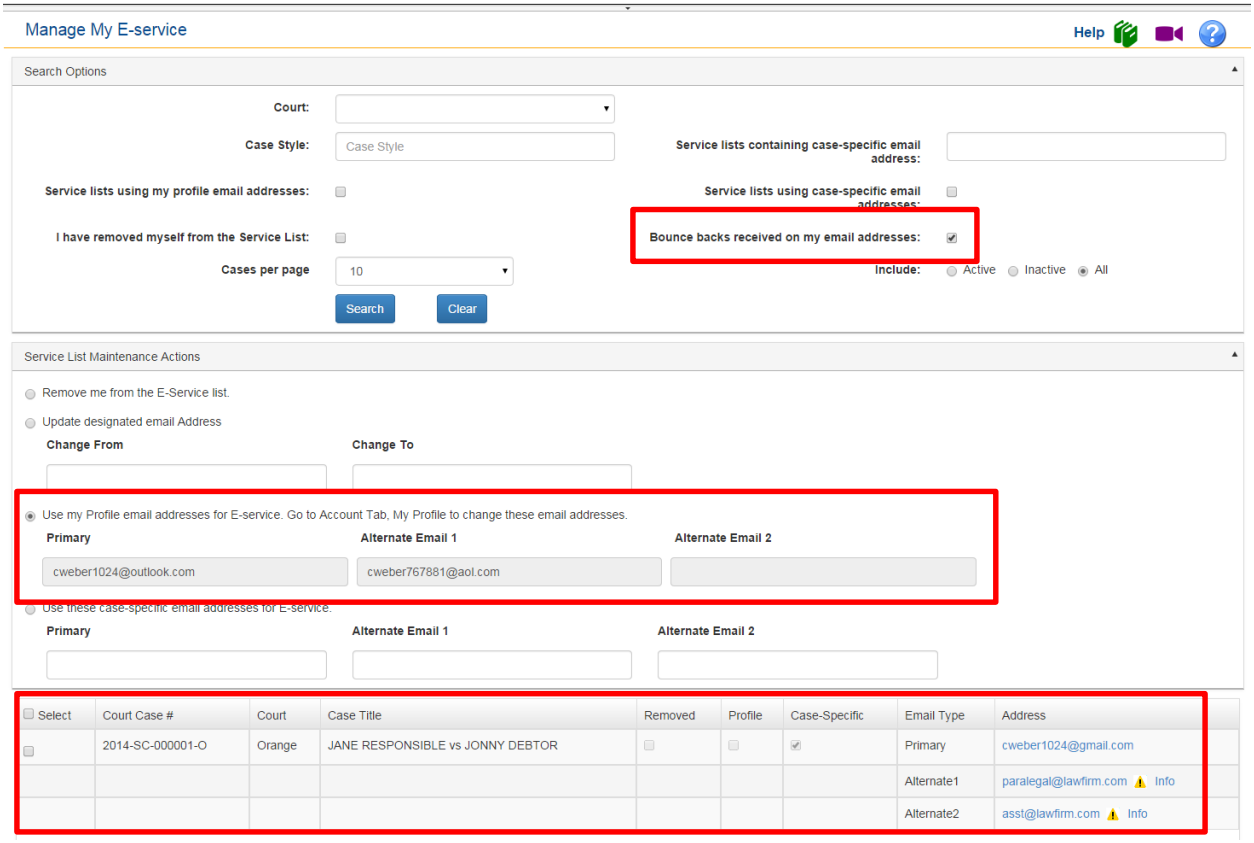


- You may remove yourself from an E-service List.
- Update designated email Addresses
- User your Profile email addresses for E-service
- Use case specific email addresses for E-service

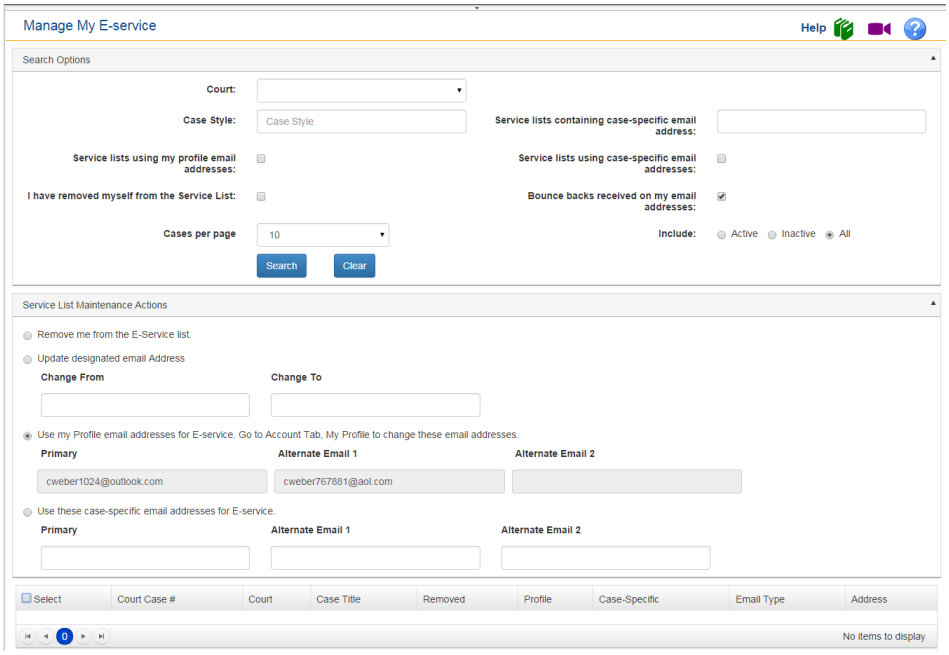
Select the Maintenance Action you wish to perform and then from the list of cases at the bottom of the page, select the cases you wish to have the Maintenance Action performed.

In the example shown below, I searched for all of my cases that have received bounce backs on my email addresses. Then for the Maintenance Action I have selected Use my Profile email addresses for E-service.

Then in the list of my cases I have selected the case[s] I wish to have this Maintenance Action performed on.



Once I click on Update, the Maintenance Action is performed and when I perform my Search again using the same criteria as above, the list is now empty.

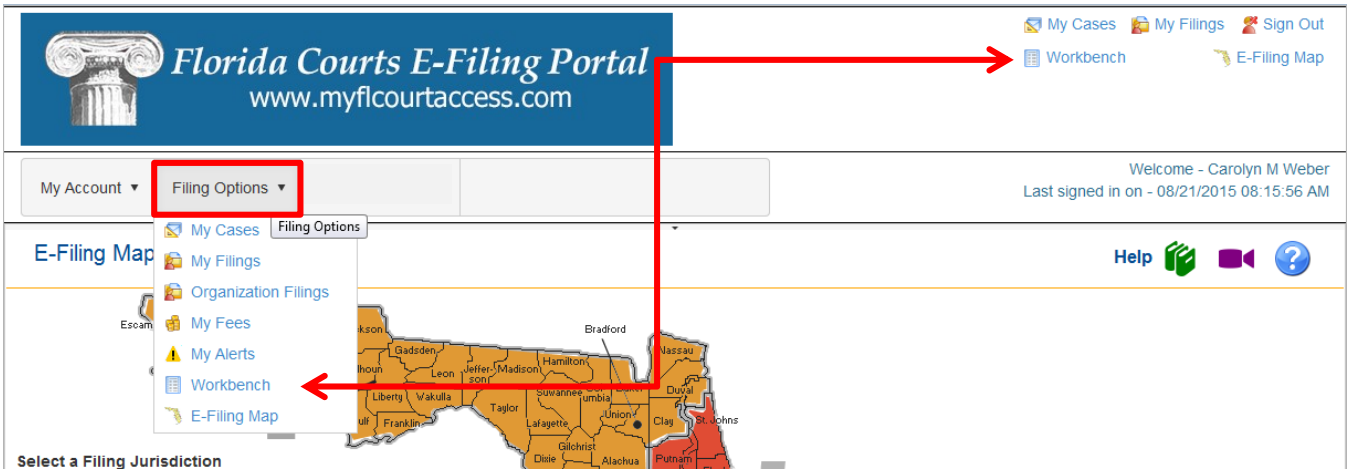


The case that was on the list before has now had the E-service List changed to use My Profile email addresses for E-service.

This feature was added to allow the filer to perform Maintenance Actions to multiple cases at the same time.

Filing Options / Quick Links

The Portal Filing Management Links are located under the Filing Options Menu. In addition, for ease of use these links are also located in the upper right corner of the page.



Each filing management link is discussed below:

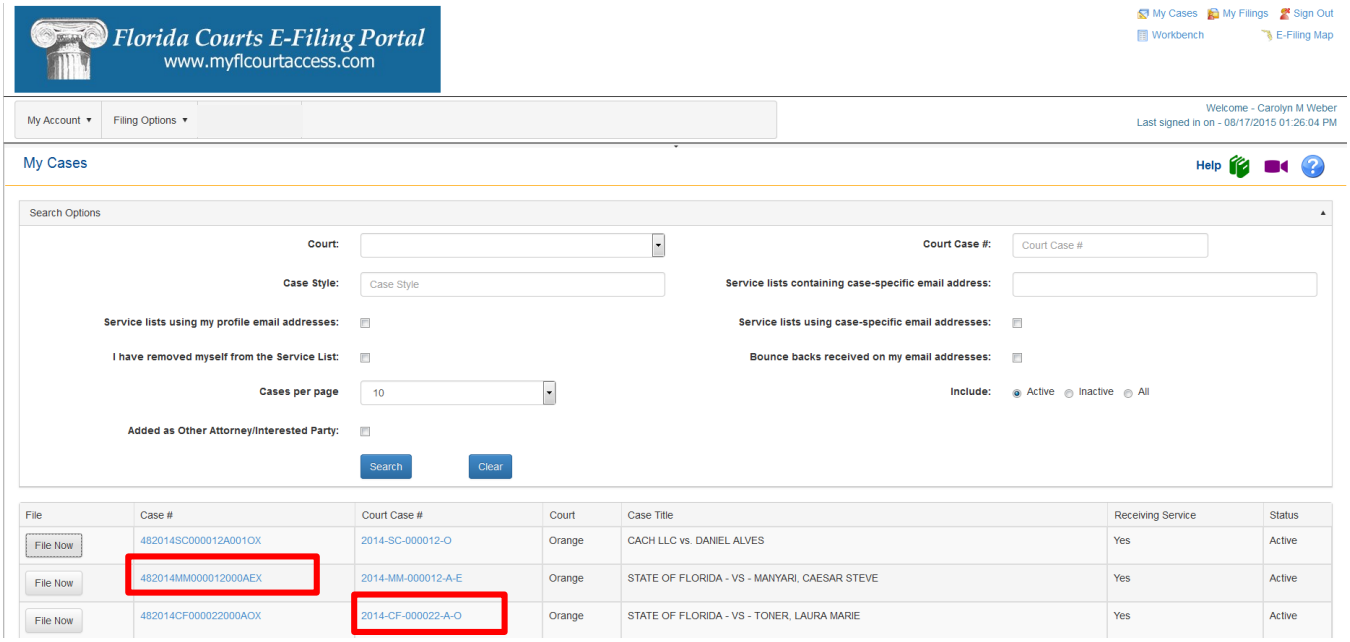
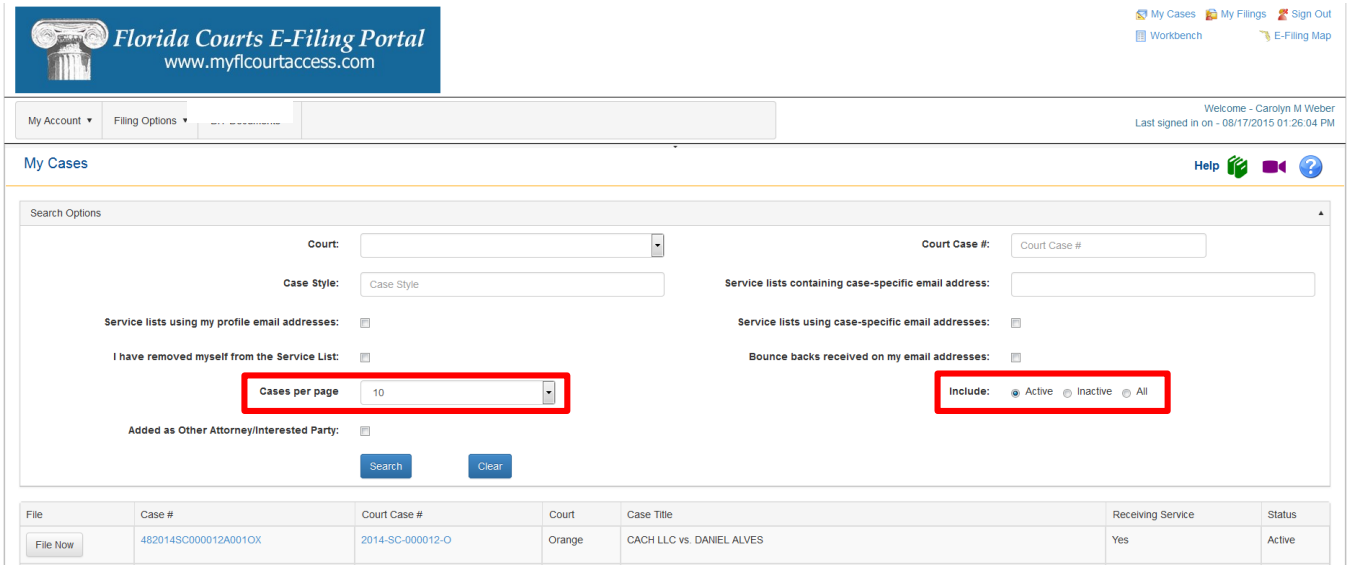
You can update the E-service List from this page. You do not have to file a document to access the E-service page.



You will also see the Case #, Court Case #, Court, Case Title, whether or not you are receiving E-service in the case and the status of the case. This page is customizable in that you may select the number of records to show per page as well as whether to display “active,” “inactive,” or “all” cases. Once you set these preferences, they will be retained until you change them.



You may use the **Search Options** available to limit your My Case page display. These **Search Options** are:

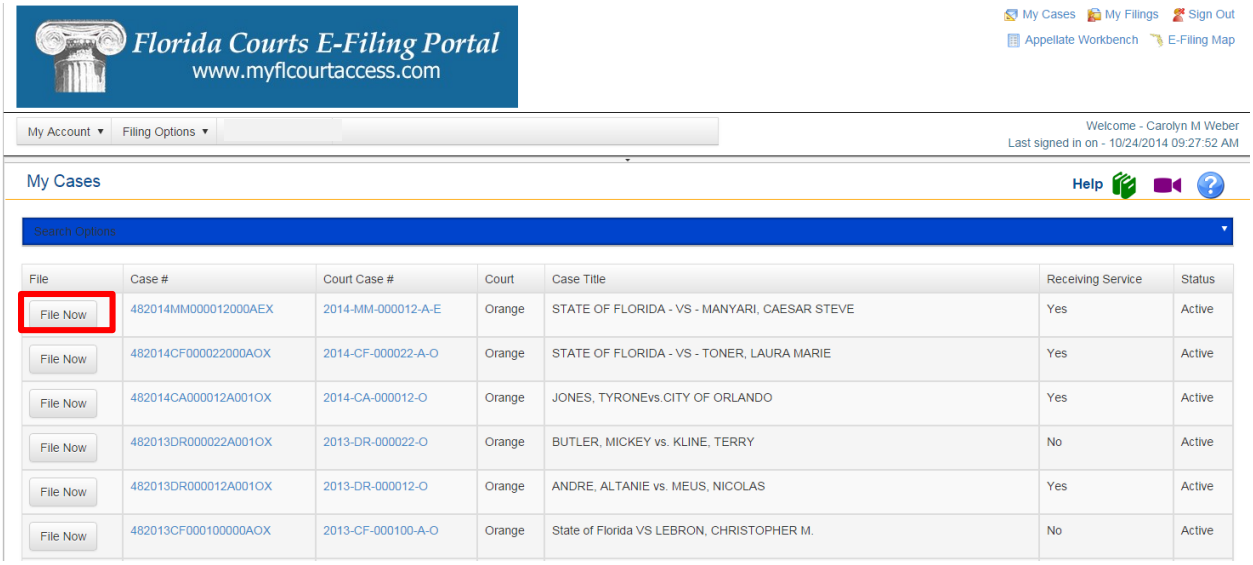
File Now

Also available from the **My Cases** page is the "**File Now**" button. Once you have electronically filed to a case, it is automatically added to your **My Cases** page. From then on, you have the option to file directly to that case from the **My Cases** page by selecting the **File Now** button. That will eliminate the need to select the county, division, enter the sequence number and click on Search. The Portal will retrieve that information based on the case you select and take you to the bottom of the **Case Information** page where you can enter a Matter # or mark your filing as an Emergency and finish the submission.



My Filings

The **My Filings** page shows all submissions you have made over the past seven days. You may adjust the number of days displayed by selecting the timeframe using the calendar feature. It will also show you the following information;

- **Filing #/NEF**: The portal assigned reference number for your filing and the Notification of Electronic Filing [NEF] that is sent out to provide E-service of the documents you filed in that submission.
- **Case Style/Docket:** The abbreviated style of the case which is the first named plaintiff versus the first named defendant.

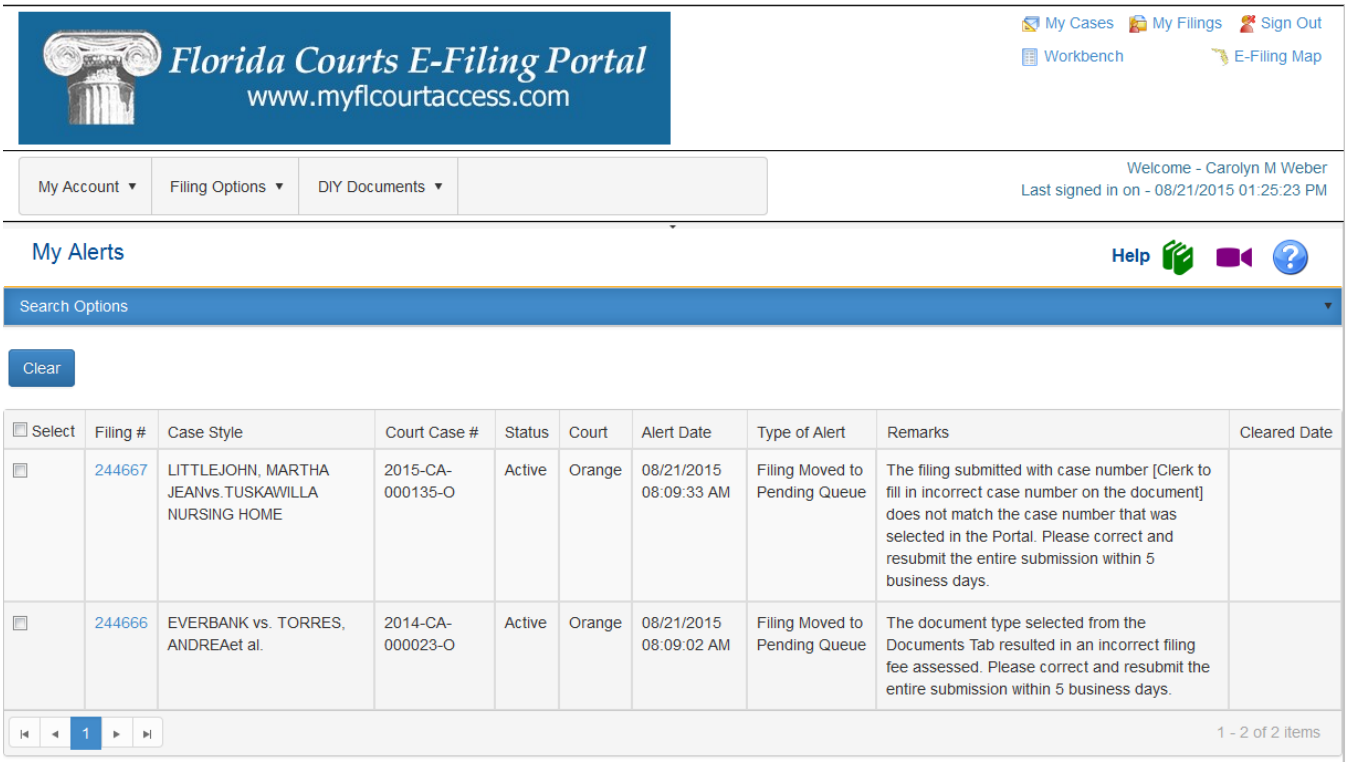
In the above Search Options, we have specified a month time frame, selected a Saved Payment Account Number and performed the **Search**. To find out more information about the submission, click on the Filing # and it will take you to the **My Filing** page where you can expand the view to see the Fee Payment information.

NOTE: If you are a Law Firm Administrator, you might want to encourage your attorneys to enter the Law Firm Matter # in all of their submissions. That way you will have a corresponding Matter # on your Fee Payment screen and it is also a Search Option field. You will be better able to track your filings as they relate to a Matter # if the E-Filer enter that information on each submission.

My Alerts

If you have any E-Filer Alerts pending, when you log in to the Portal you will be taken to your **My Alerts** page and not to the E-Filing Map.



An Alert will be created for the following events:

- Filing Moved to Pending Queue
- E-Service Email Delivery Failure
- Removal from E-Service List Request

The Alert will remain in the Active status until the E-Filer clears the Alert at which time the status is changed to Cleared and it is no longer considered Active. To clear an Alert, place a check in the box under the Select column and click on **Clear**.

As long as you have Active Alerts, when you log in to the Portal you will be taken to the Alerts page. Once they have all been cleared, you will then be taken to the E-Filing map upon log in to the Portal.

Workbench

This link will take you to your Workbench where any submissions you have begun but not completed or saved to the Workbench will be listed. To continue filing the submission, click on the **Resume Filling** link and complete your filing.

E-Filing Map

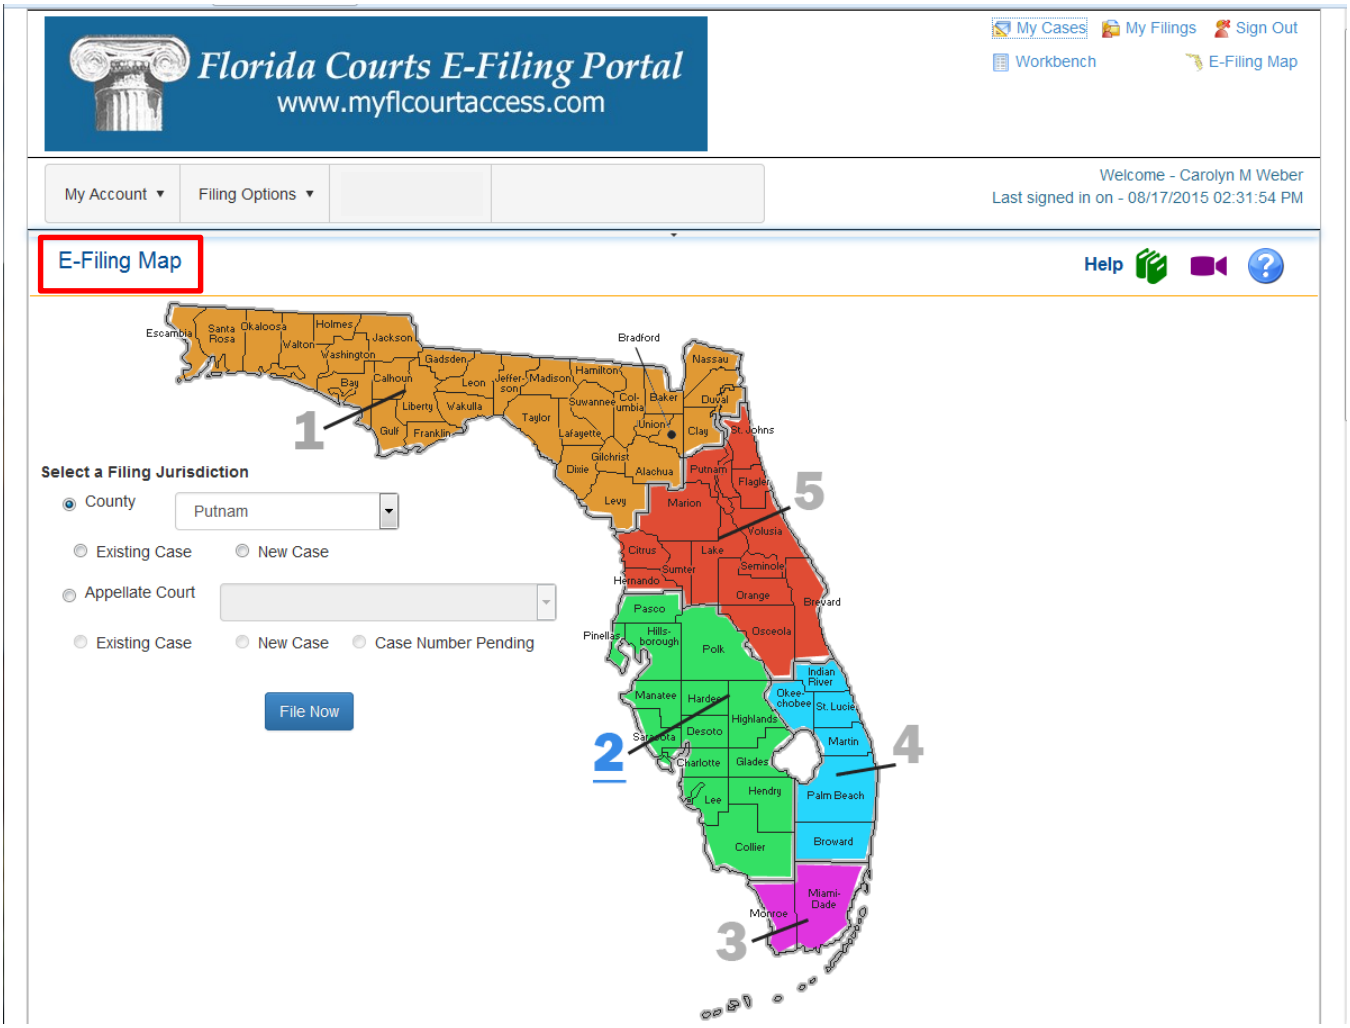
The **E-Filing Map** link allows E-Filers to access the **Jurisdictional Map** which will allow them to select a filing path. Select either the Trial Court or the Appellate Court filing path. To change counties in which you are filing documents, you must return to the **E-Filing Map** to make a new county selection.



Submitting a Filing

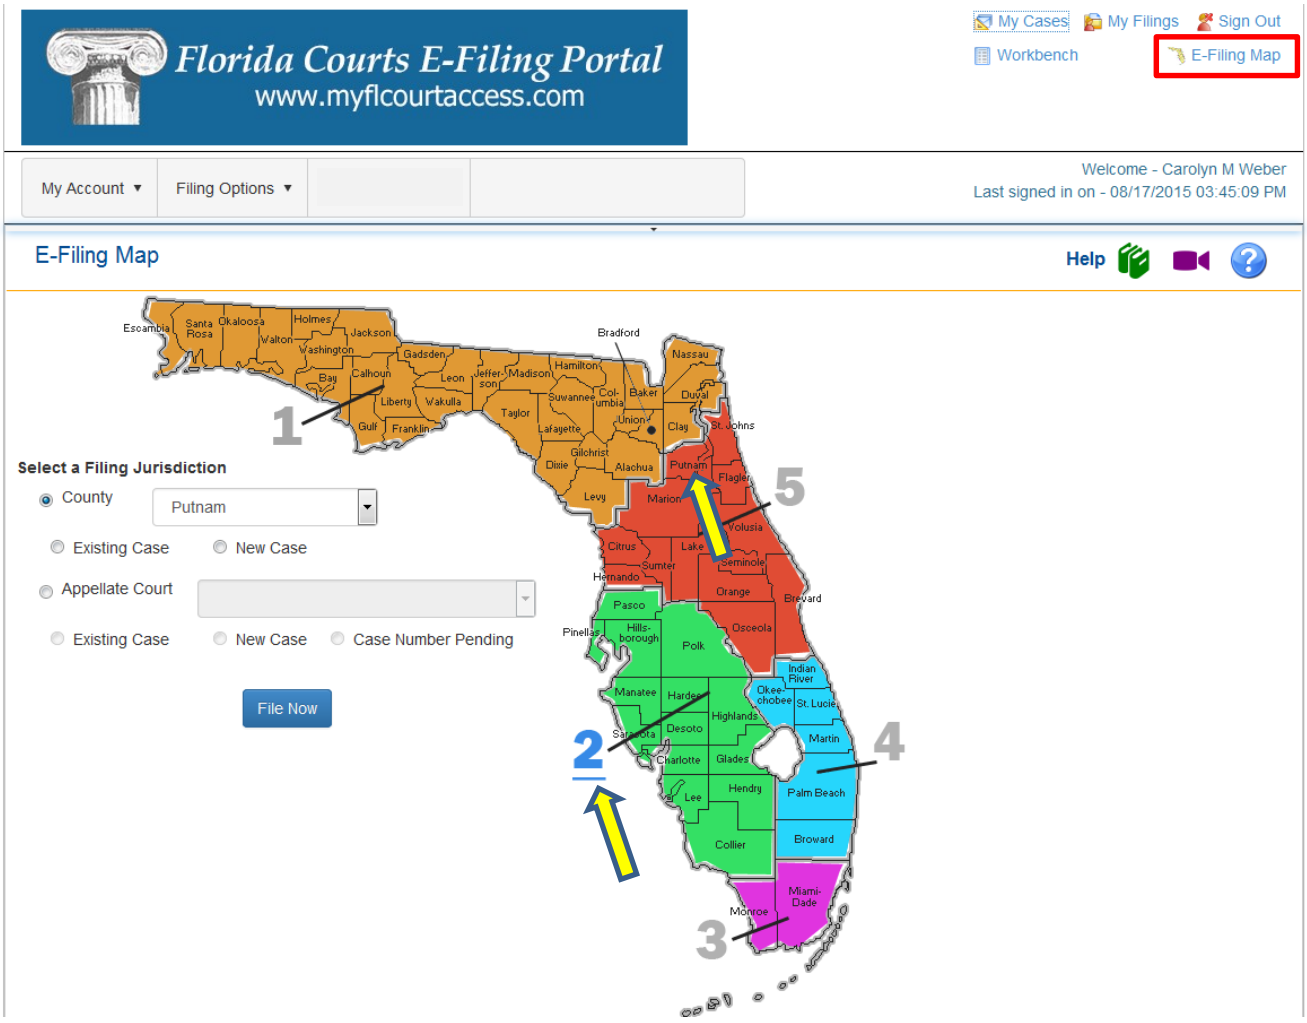
Existing Case

If you have not filed to a case that has an existing case number, you must begin the filing from the Jurisdictional or **E-Filing Map**.

Process

Trial Court: Select County from the drop down or click on the county name in the map.

Appellate Court: Select the District number from the map for a District Court of Appeal [currently only the 2nd District Court of Appeal is filing through the Portal] or use the drop down list which includes the Florida Supreme Court.



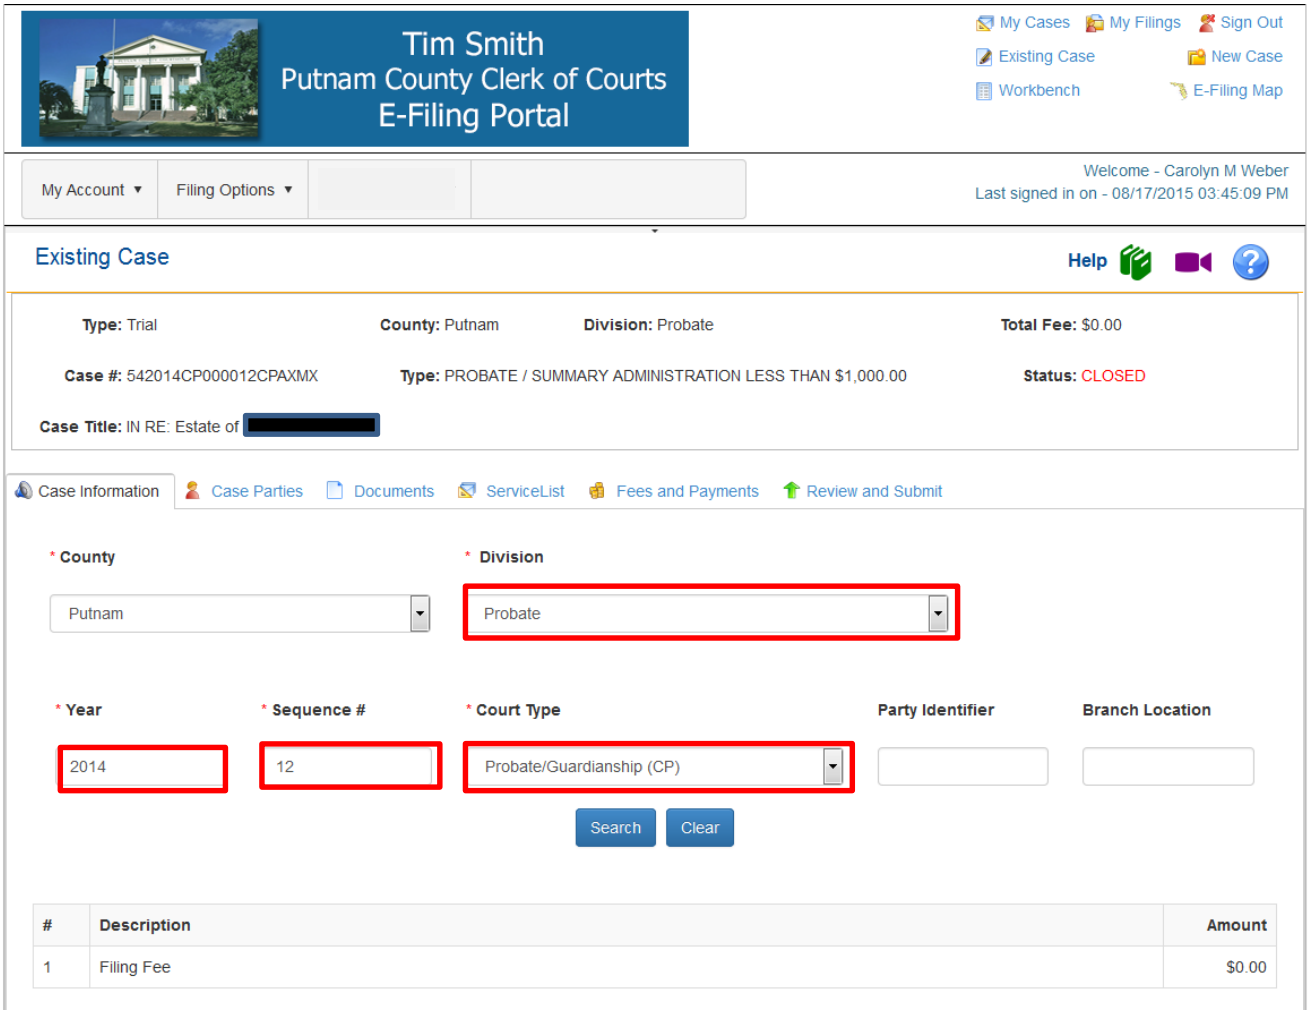
Then select either **Existing Case** if the case already exists or **New Case** if you are submitting a new case for filing. Since we are filing to an already created case, we will select Existing Case and then click on **File Now**.

Case Information – Trial Court

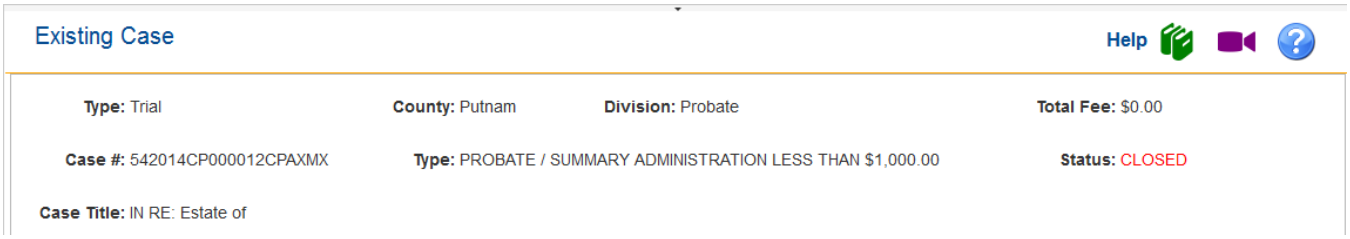
To **File Subsequent Document(s) into an existing case**, the E-Filer must know the case number.
Select the **Division** from the dropdown list provided.
Enter the case number and click search. The Portal will search for the case record.

- If the county's case management system is not linked to the Portal the search for case information will not be initiated and no case information will be displayed to the filer.
- If the case record is located the **Case Type** and **Title** are displayed. Please verify that you have the case for your filing before proceeding.
- If the case record is not located a message will be presented. Please verify your case number entry.
    - If entered incorrectly click the Cancel button on the message to reenter the case number.
    - If entered correctly click the OK button on the message to continue processing.
        - If the case privacy is confidential or higher, case information may not be returned from the county's Case Management System.

1. Select Division
2. Type in Year
3. Sequence number
4. Select Court Type
5. Search

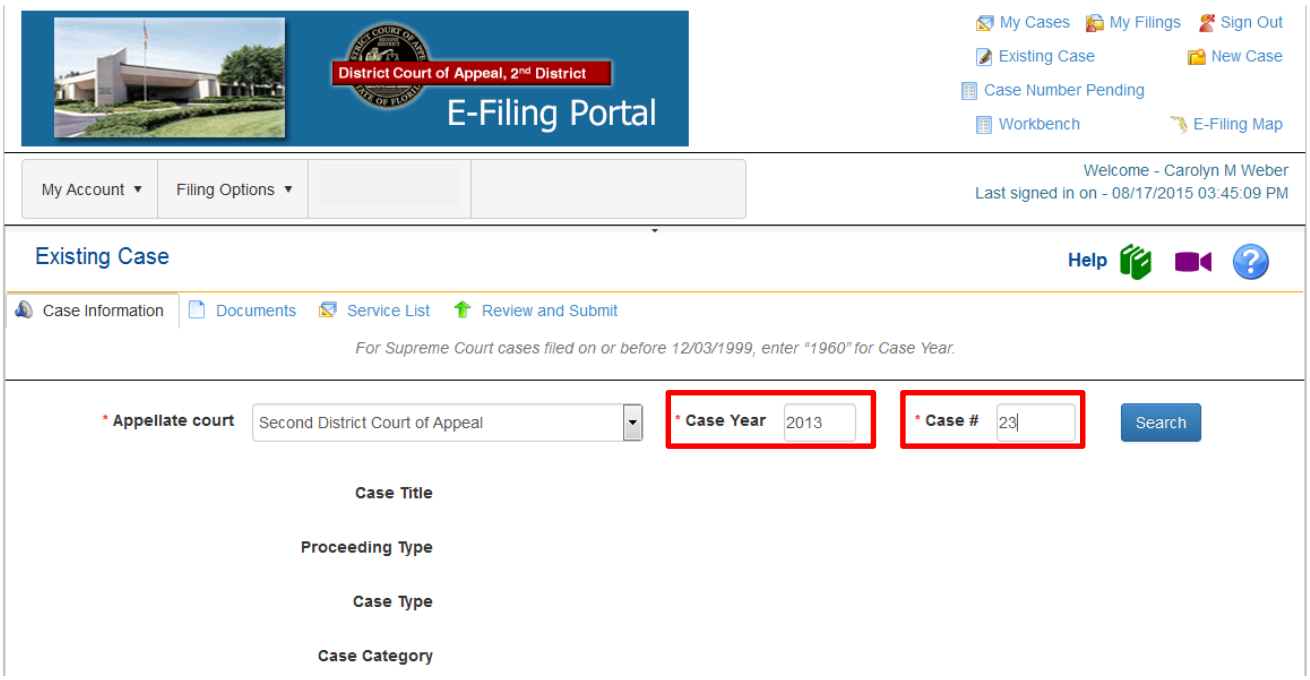


The case information will be displayed [unless the case is a confidential case] so that you can verify you are filing to the correct case. If correct, click on **Next**.

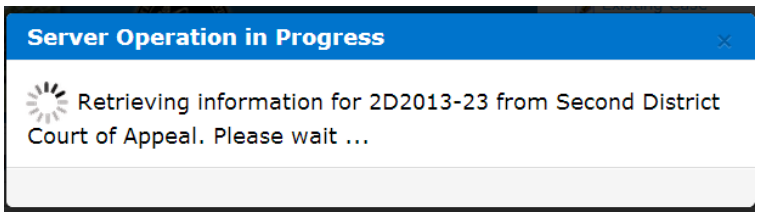


Case Information – Appellate Court

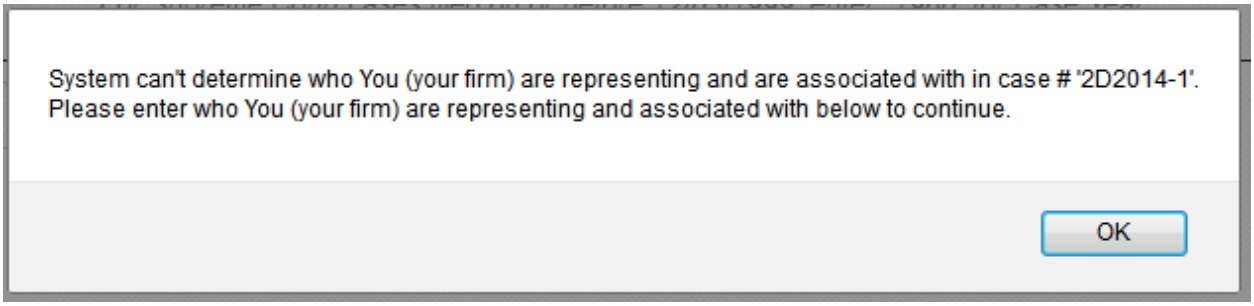
Select the **Appellate court Case Year and Case #** and then select **Search**.



The Portal will retrieve the Case Information from the District Court of Appeal.

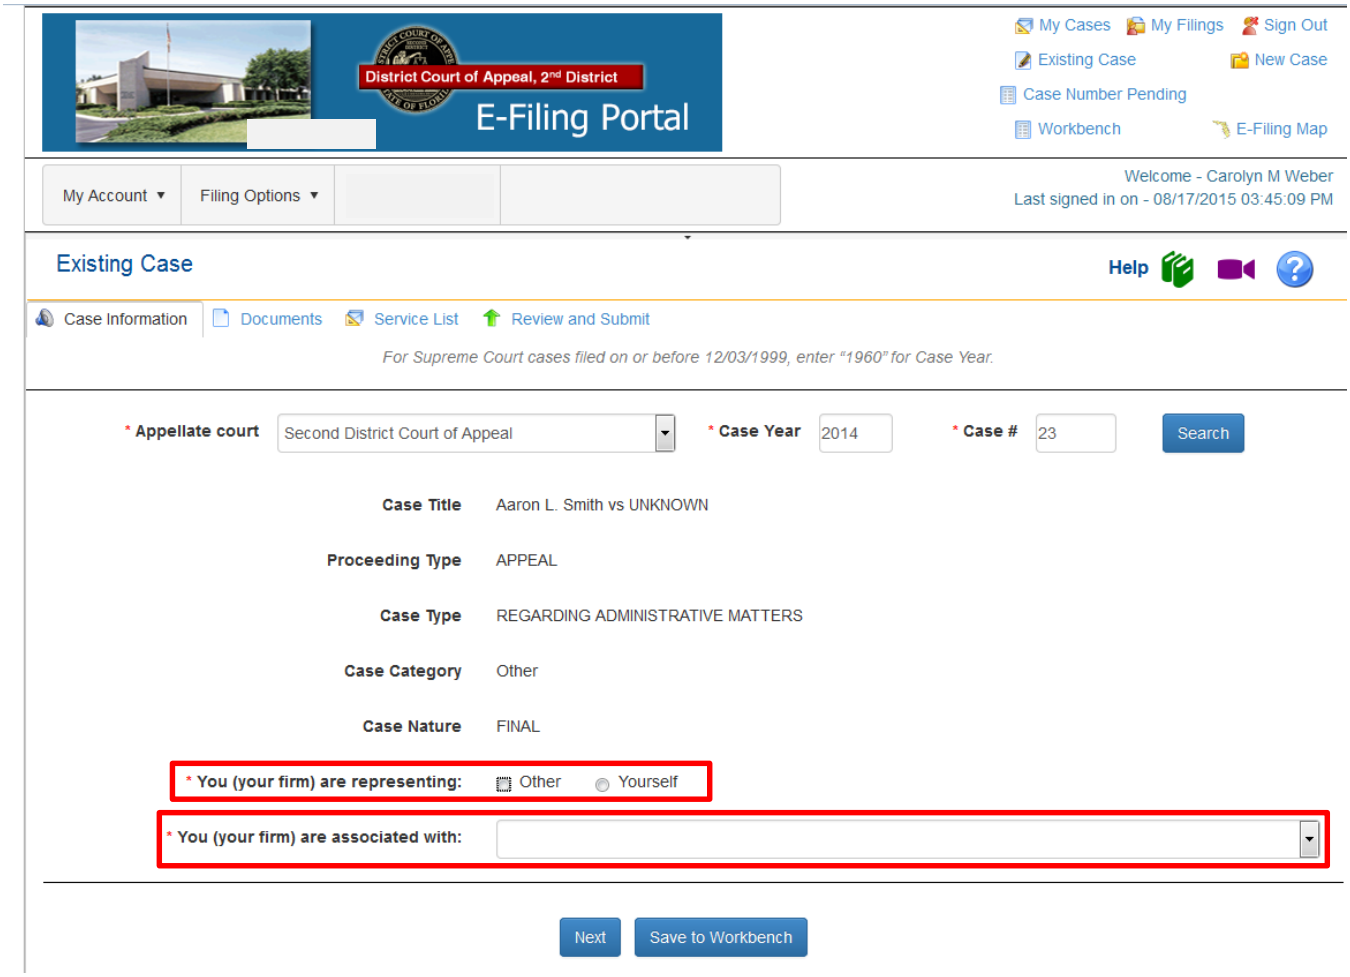


And present a message that asks you to choose who you who represent and who you are associated with in order to continue.



System can't determine who You (your firm) are representing and are associated with in case # '2D2014-1'.
Please enter who You (your firm) are representing and associated with below to continue.
OK

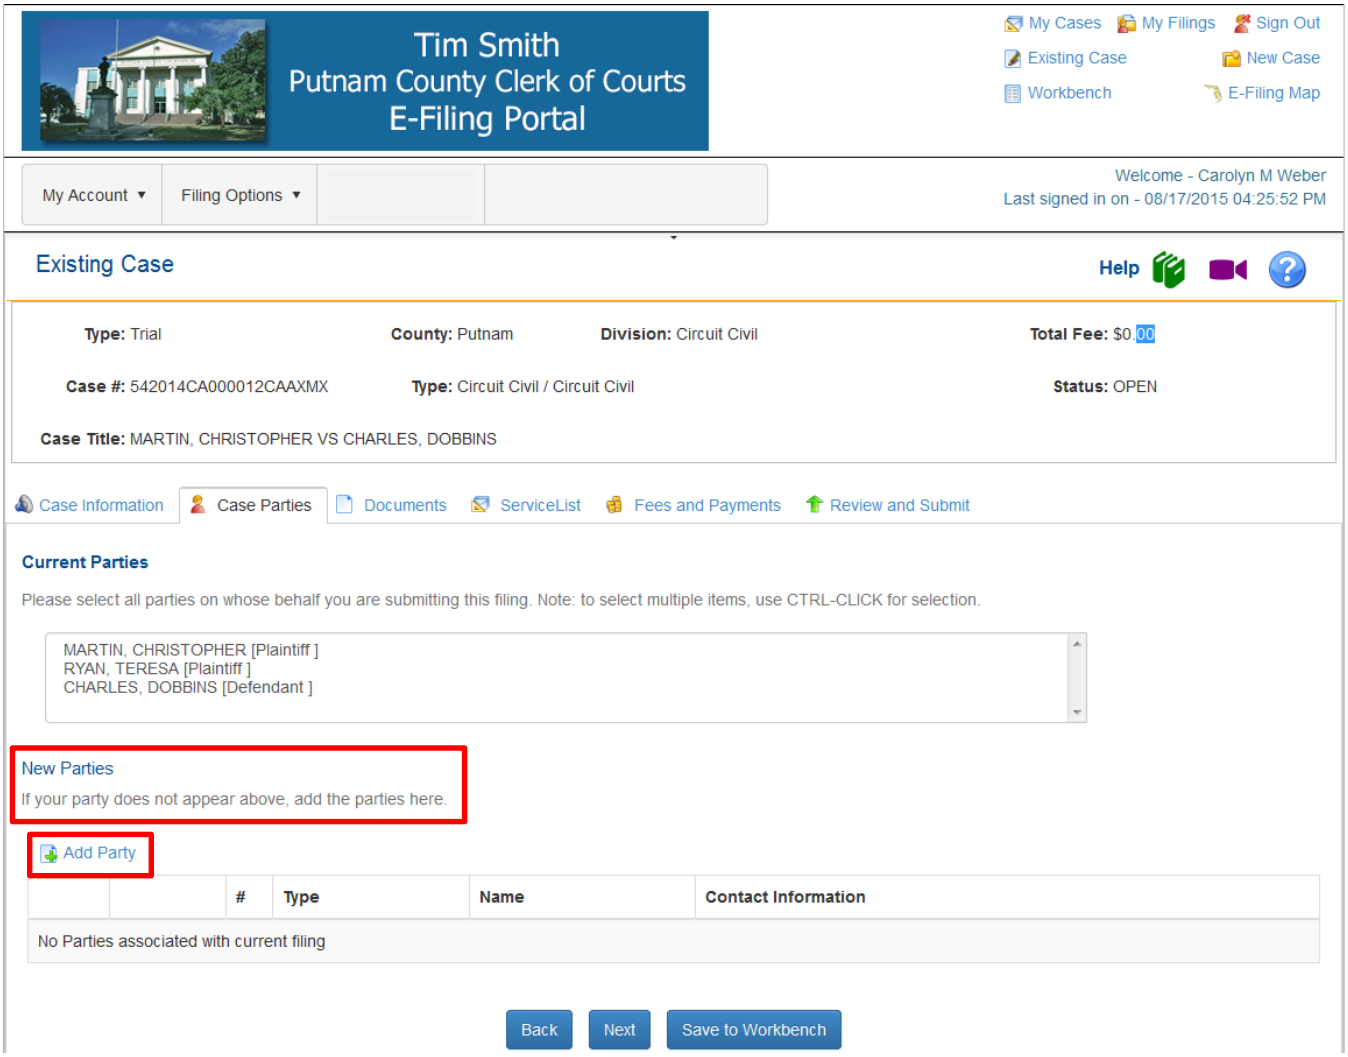
Select **OK** to continue to the Case Information page where you will designate who you represent and who you are associated with as shown below designated a Required Field as shown by the red asterisks.



Case Parties

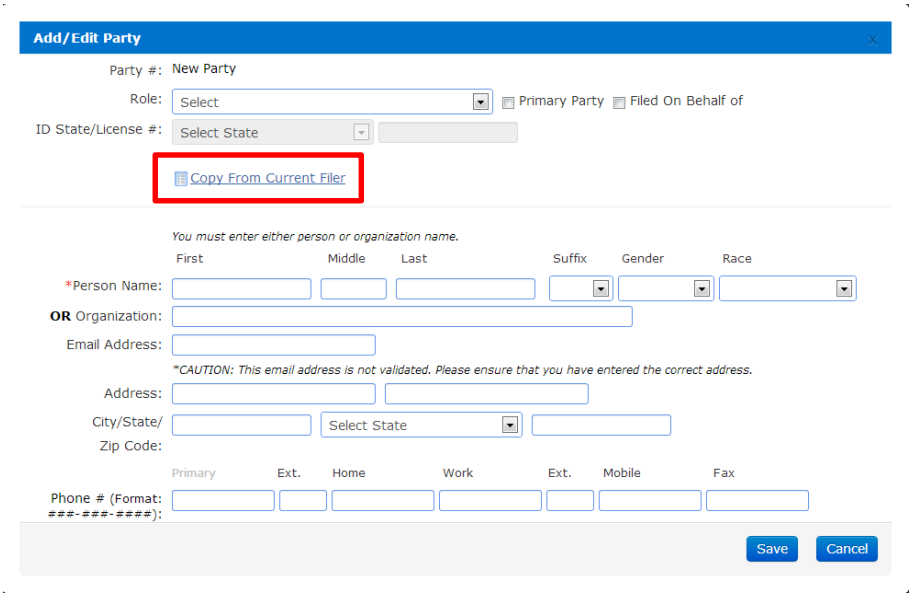
NOTE: Not all counties will allow you to add case parties so this screen may not be available to the E-Filer in some counties.

Select the **Add Party** link.



When adding a party you have 2 options:

1. Selecting the **Copy from Current Filer** option will add the E-Filer as a Party and fill in the Party information with the E-Filer's Portal profile information. This is used when the attorney is adding himself to the case as counsel on behalf of a party. The attorney would not be a Primary Party.
2. Entering the Party information after selecting the party. Type the party information directly into the available fields. **NOTE**: The Person Name or Organization is a required field and must be completed in order to submit a new case.



Click the **Save** button when the information is complete.

The pre-existing parties and the new parties will be displayed. In the listing of the new party records the filer has the option to **Edit** or **Remove** a party they have entered on the case. Parties previously existing on the case cannot be edited or removed. Clicking **Add Party** again allows the filer to add another party to the case so that all parties may be added.

Service List

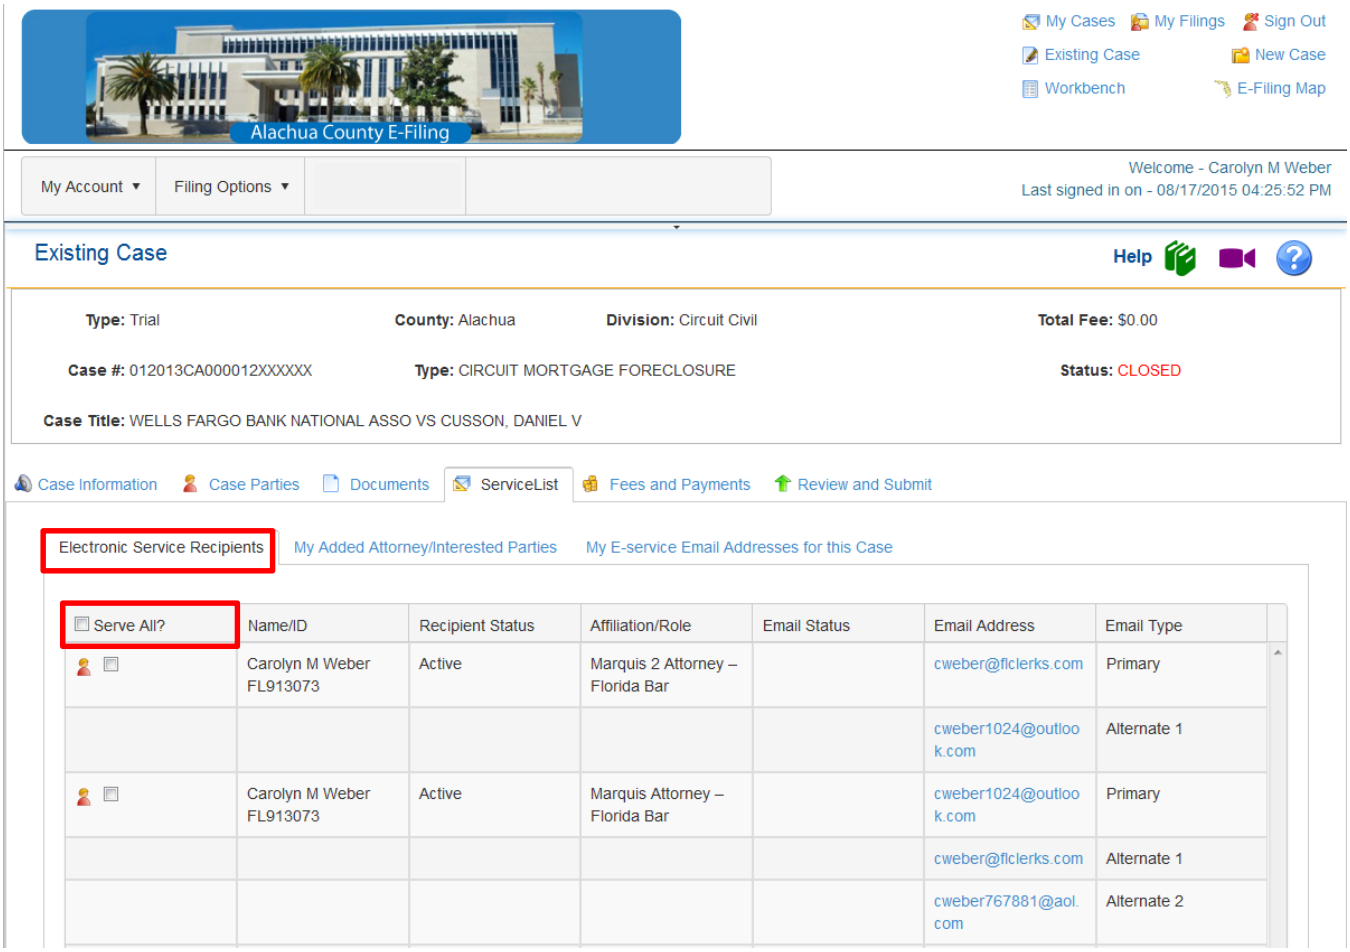
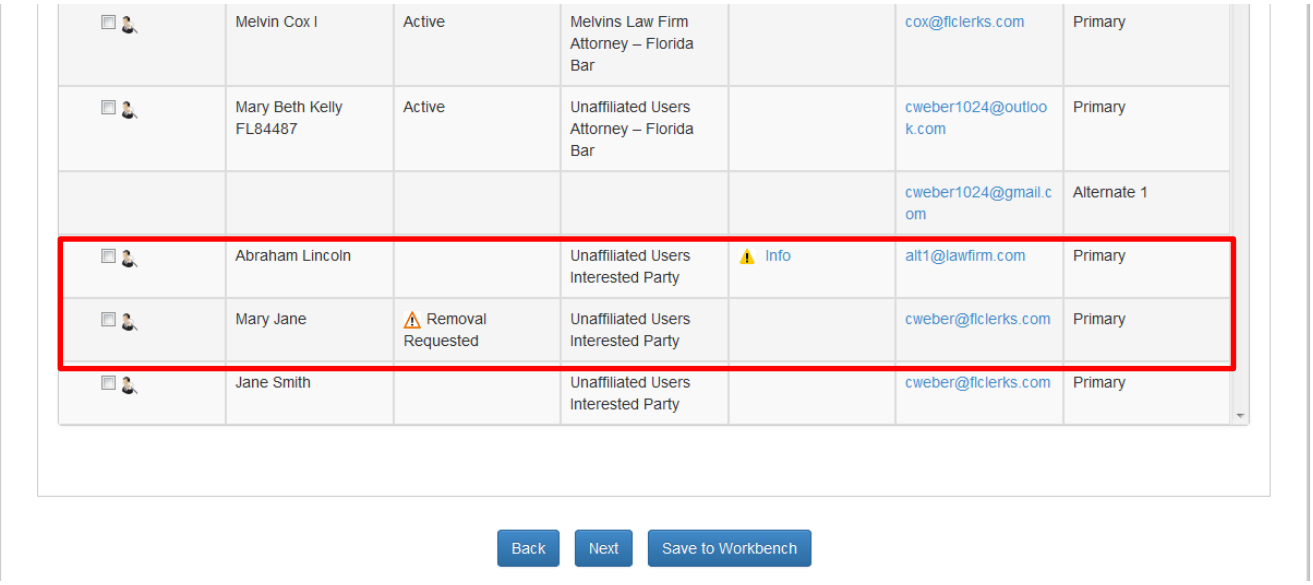
Next you see the **ServiceList** page. **You must select from the Service Recipient List the parties you wish to serve by placing a check in the box next to the name of the people you wish to serve. You may select the entire list by placing a check in the box next to 'Serve All?' in the column header.** .

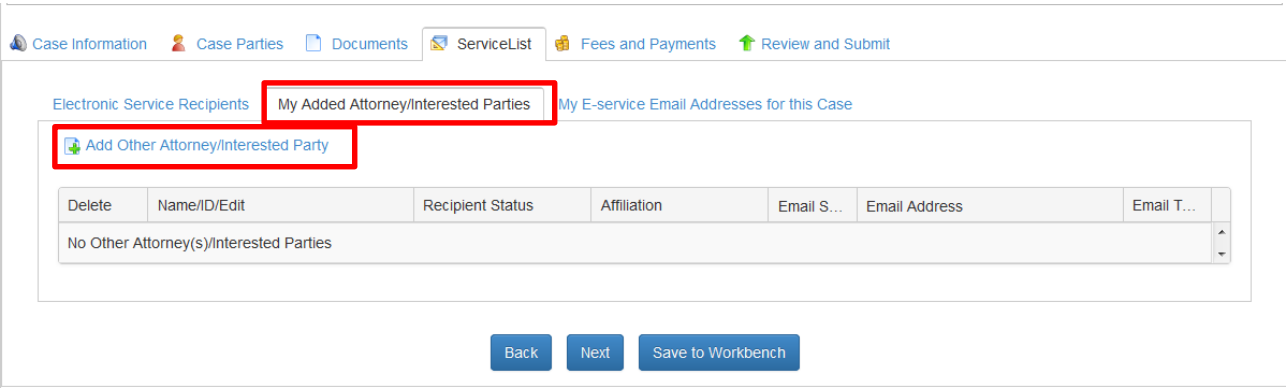


Any email address that has received a bounced back email will be flagged and should not be selected for E-service. Any person added to the E-service List that does not wish to receive E-service on this case and has requested removal will also be flagged and should not be selected for E-service.

If you have a bounce back flag on your email address, click on the **Info** link. This will allow you to see how many bounce backs and when they were received at the email address in question. You will be able to reset that email address if you believe it to be a valid email address. The next time that email address receives a bounce back, the **Info** icon will reappear until the issue is resolved.



You may add anyone that does not appear on the Electronic Service Recipients list to the Service List by using the **Add Other Attorney/Interested Parties** link.



You may also designate E-service email addresses for this specific case if you wish to use email addresses that are different from your Profile email addresses. To do this, select the **My E-service Email Addresses for this Case** link.

Once the case number is assigned the My Filings list will be populated with the case number in place of the 'new case' text.

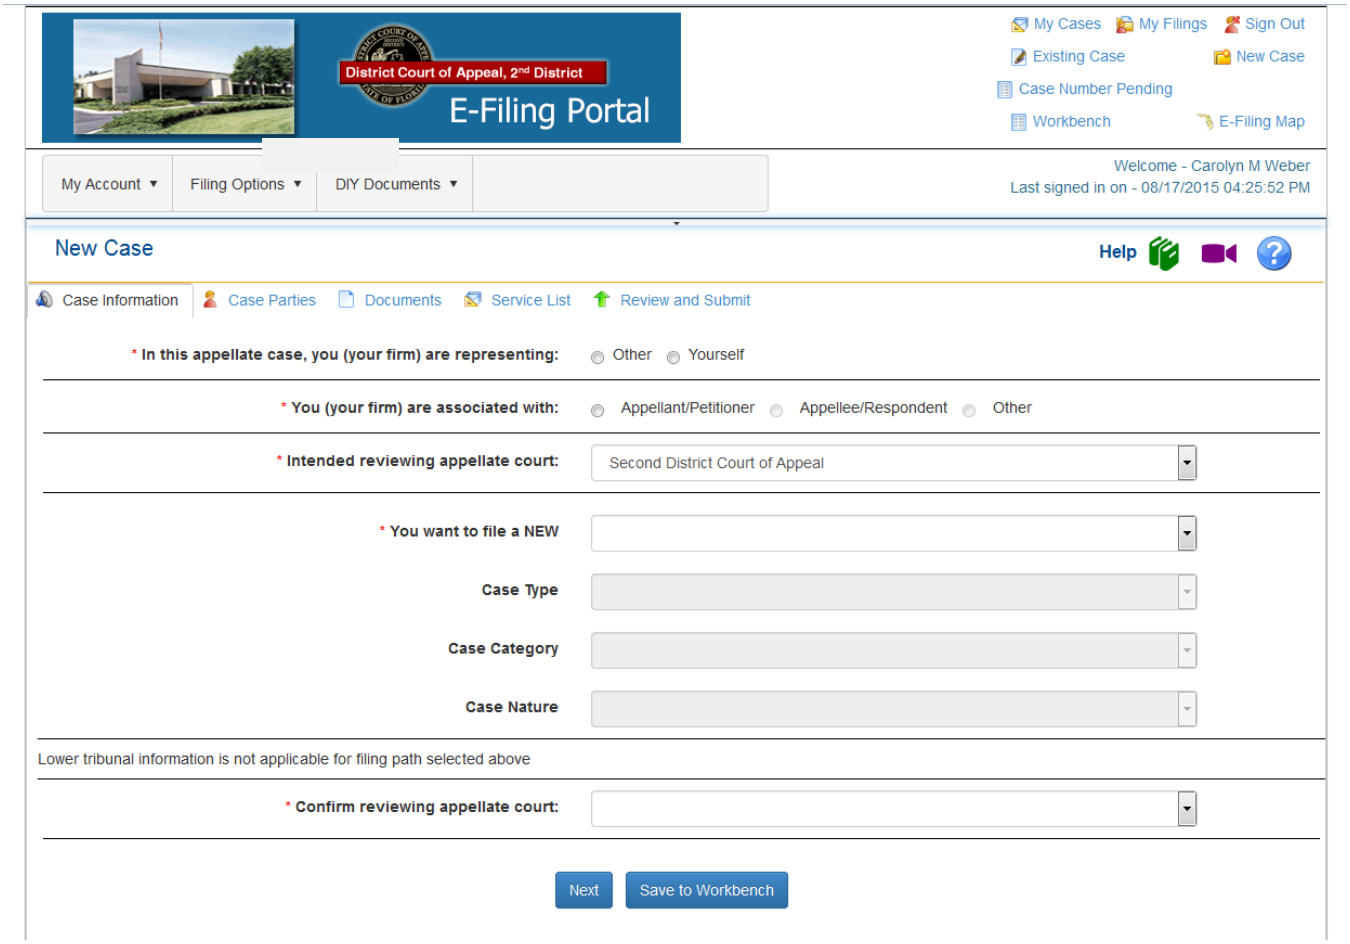
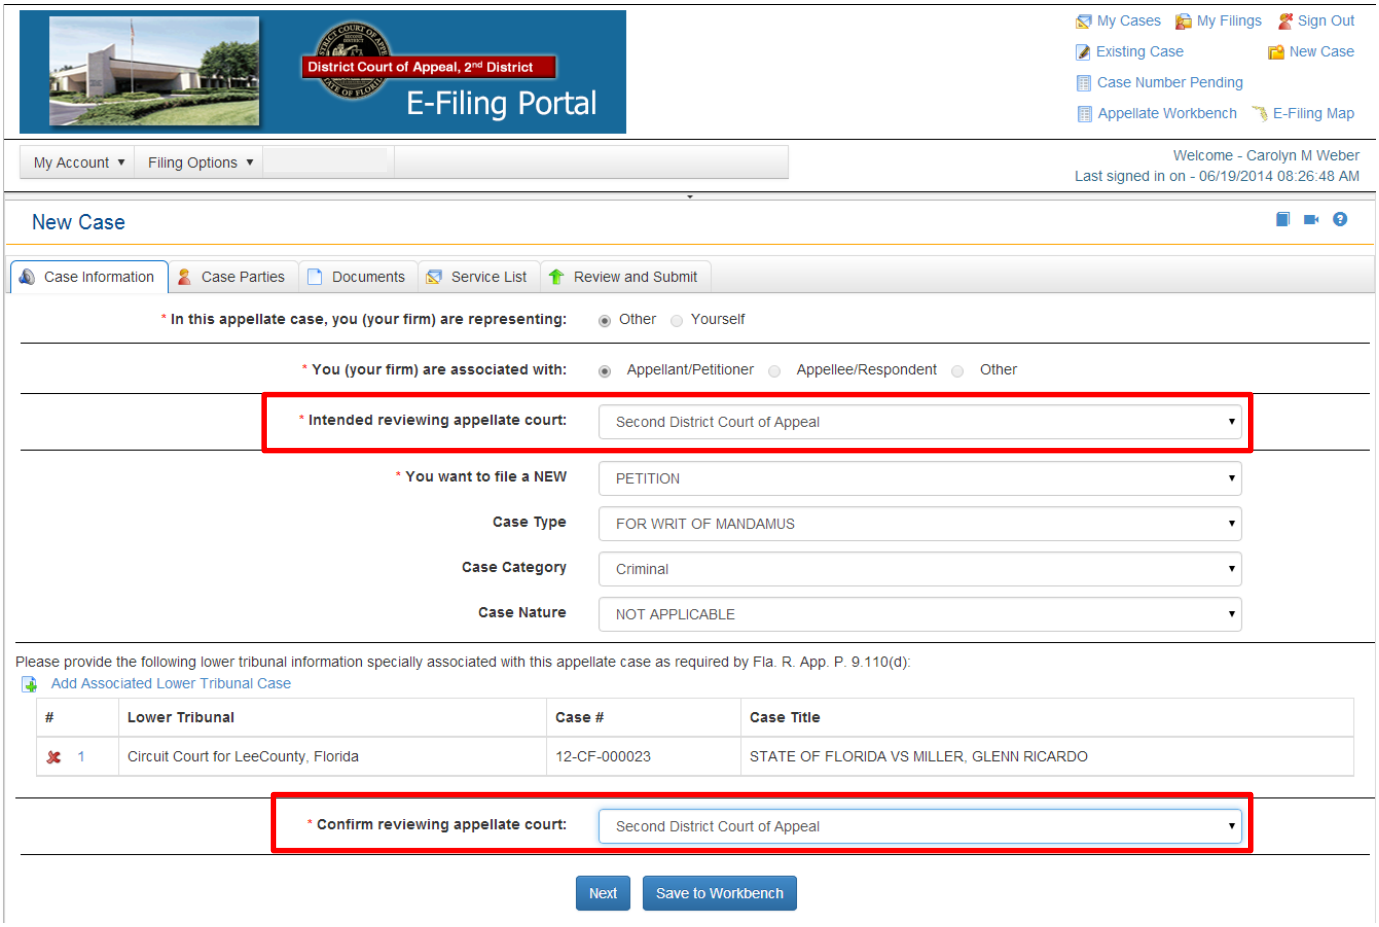
Case Information – Appellate Court

All required fields on this page are marked with a red asterisk (*). Be sure to complete each piece of information to submit your new case.

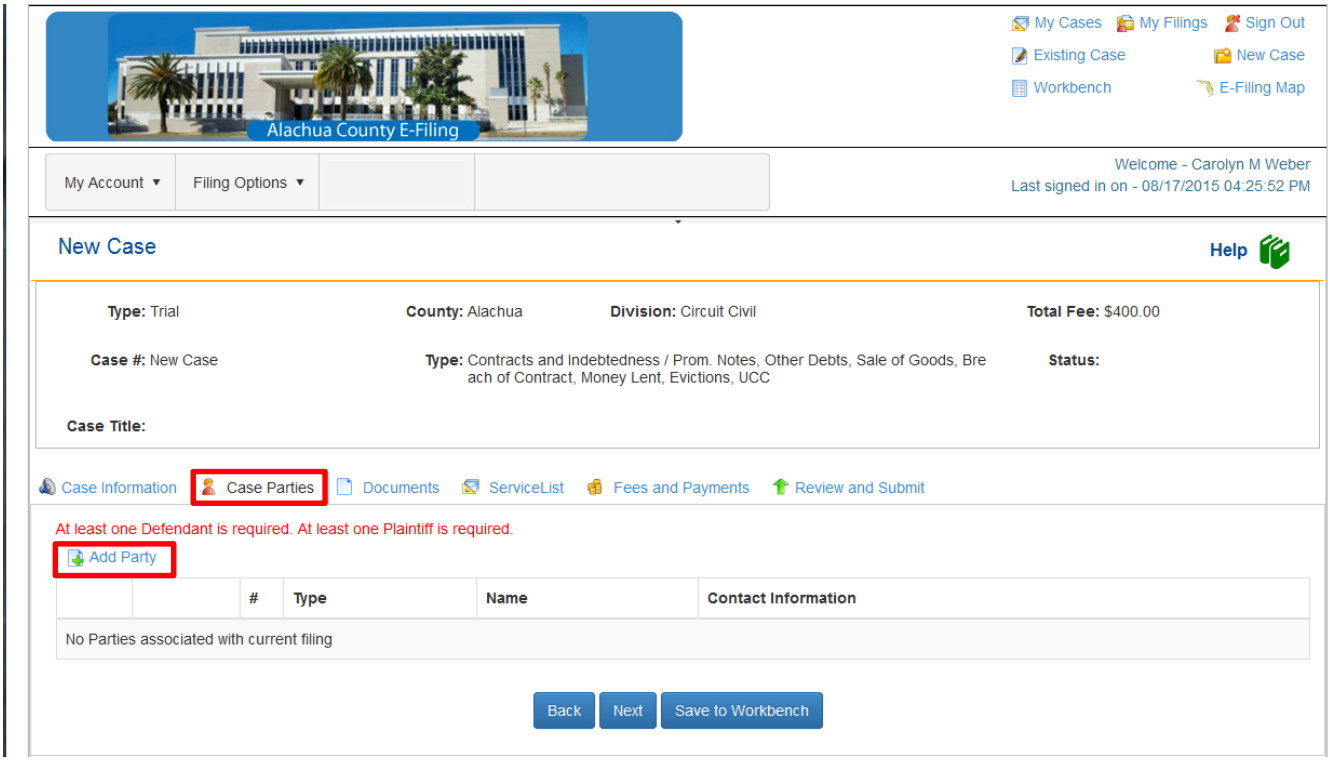


At the very bottom of the page, you will need to confirm the reviewing appellate court by selecting the court you are submitting your new case to from the drop down. It must match the 'Intended reviewing appellate court' you selected at the top of that page.



Then click on **Next** to get to the Case Parties screen. To save this filing to the Workbench to be continued at a later date, click on **Save to Workbench**.

Adding / Editing Party Information – Trial Court

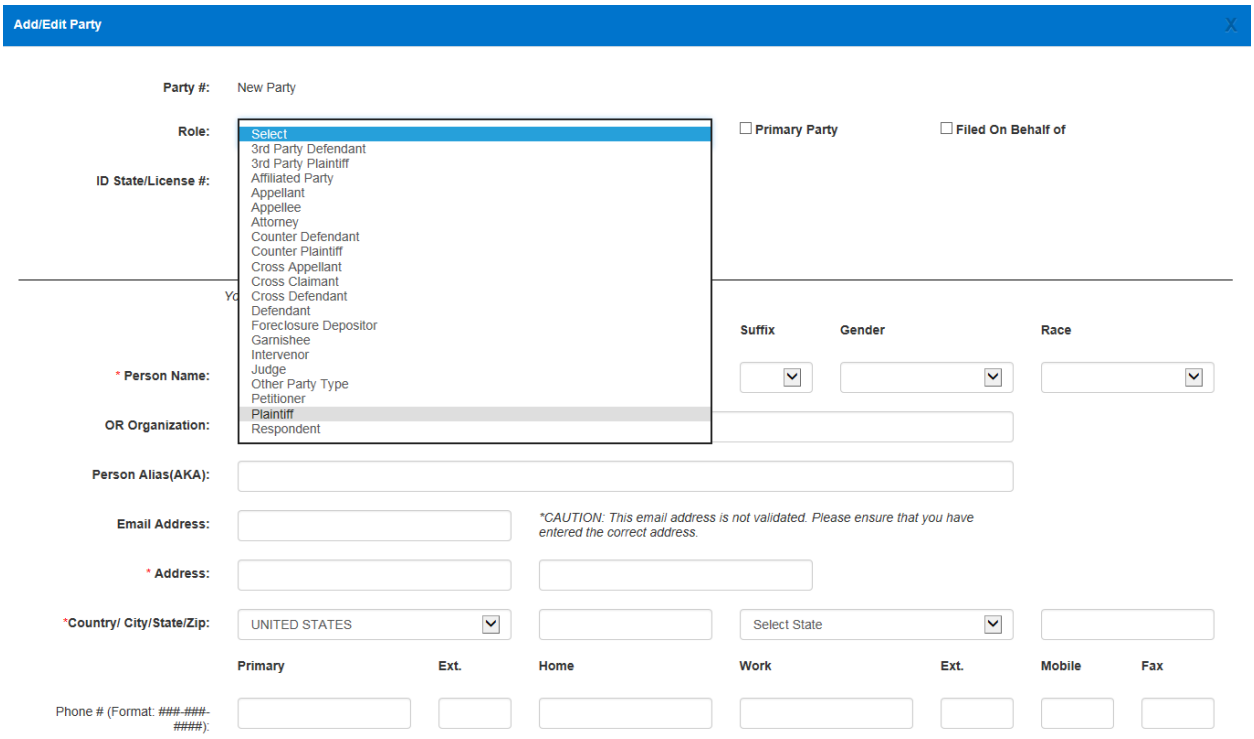


Select Add Party and then Select **Role** and select either **Primary Party** and/or **Filed On Behalf of**. Complete all required fields. Click **Save**.

- Role – Description of party's involvement in the case (defendant, petitioner, etc.)
- Primary Party – Party with direct connection to the case *i.e.* Plaintiff, Defendant, Counter-Plaintiff, Counter-Defendant, etc.
- Filed On Behalf of – Identifies the party that the new case is being filed on behalf of and would be credited with the payment of the submitted fee. Party must be identified whenever fees are collected.

NOTE: When creating a new case and you select the Plaintiff Role and enter the information, the Filed on Behalf of should also be selected since you the attorney are creating the case on behalf of your client the Plaintiff.

If you wish to continue creating this new case to be submitted at a later date, click on **Save to Workbench** and you will then be able to resume filing at a later date.

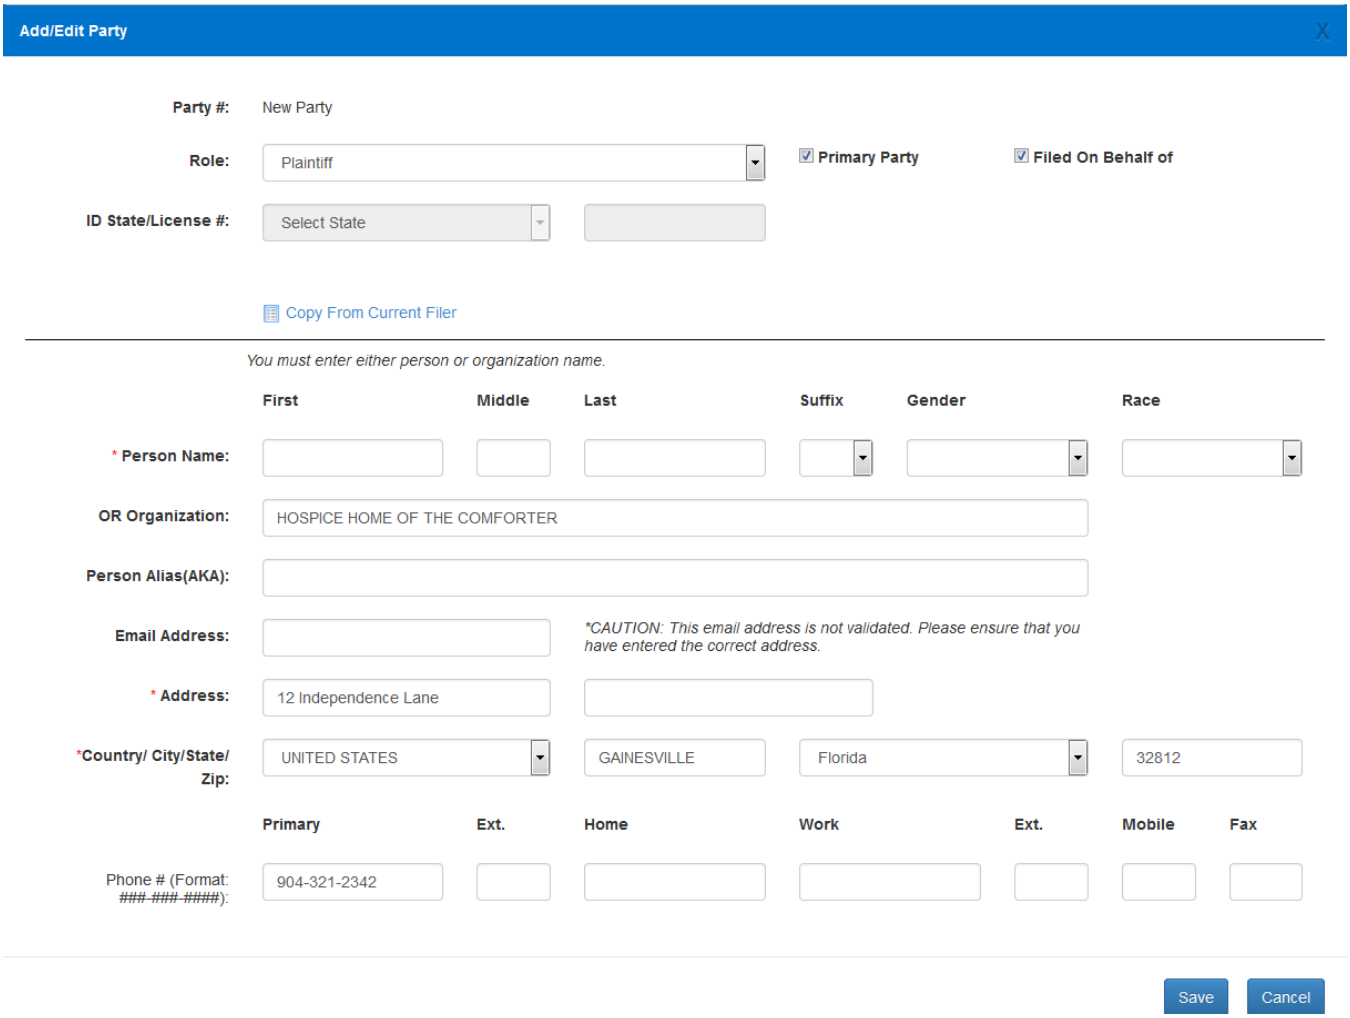


NOTE: The parties you are able to add is based on the County you are filing to. Some Counties do not allow the E-filer to add party information.

When adding a party you have 2 options:

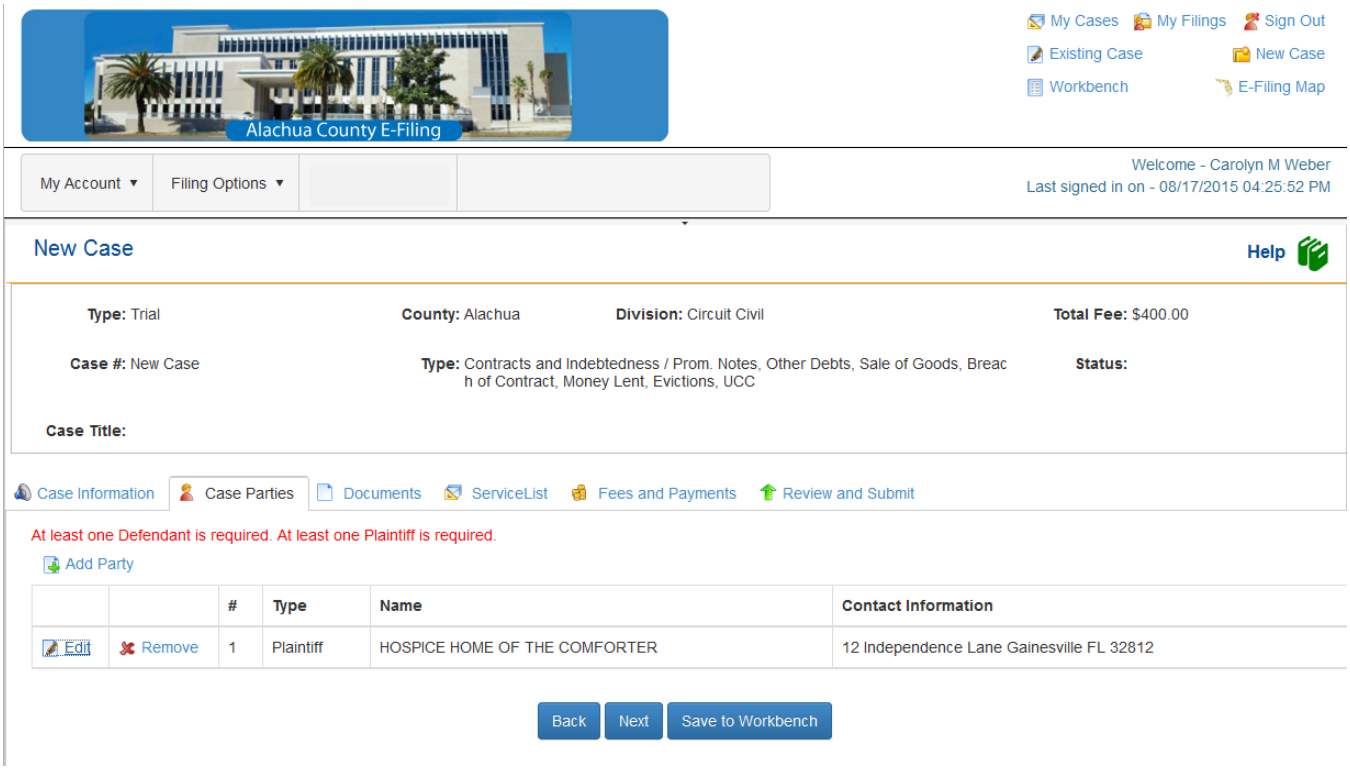
1. Pressing on the **Copy from Current Filer** option will add the E-Filer as a Party and fill in the Party information with the E-Filer's Portal Profile information. It should be used when the attorney information is captured and added to the County's Case Maintenance System.
2. Enter party information directly into the fields available.

Add all parties to your case.



Click the **Save** button when entries are complete.

The party page refreshes and the party that was just added will be displayed in the list.



The party page also allows the filer to **Edit** or **Remove** a party on a case. Clicking **Add Party** again allows the filer to add another party to the case.

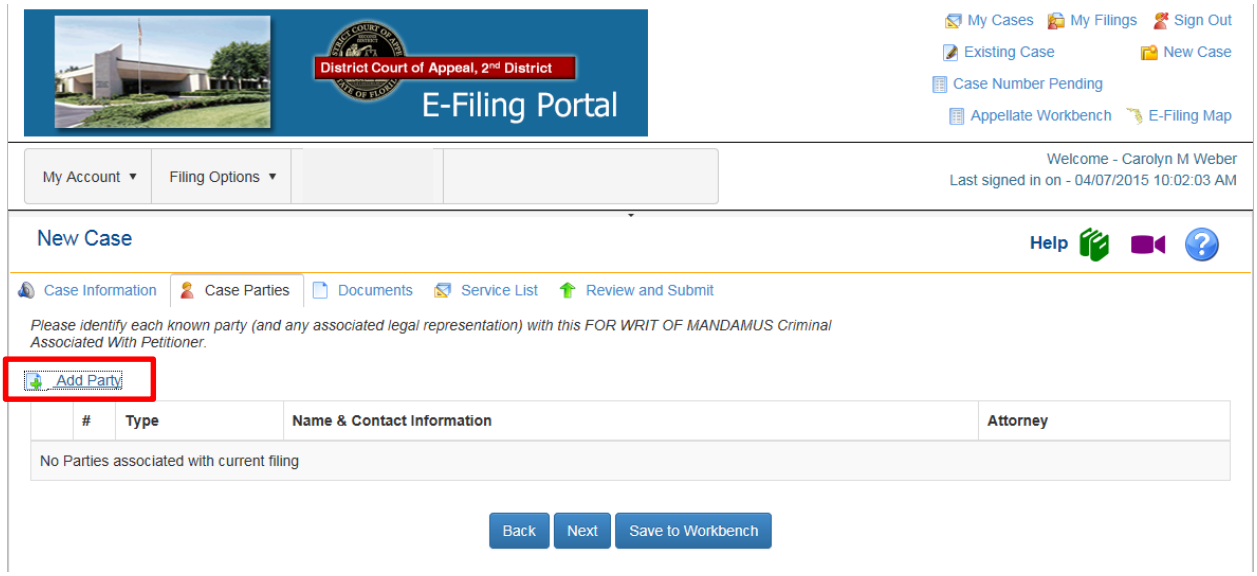
Adding / Editing Party Information – Appellate Court

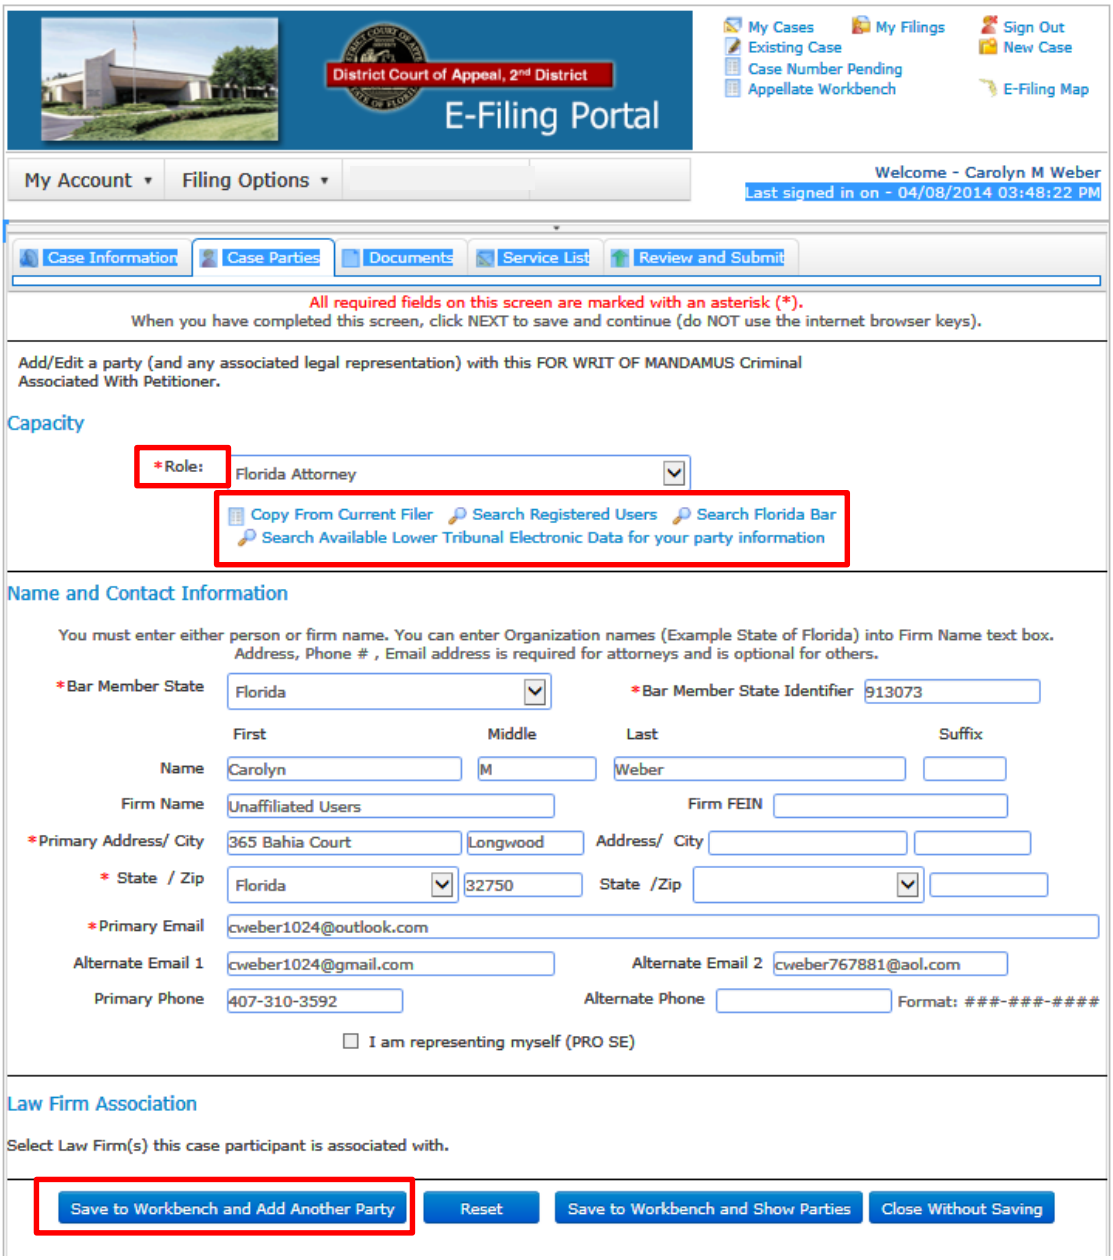
The filer is directed to the Parties page. Click **Add Party** to add a party to the case.



Select the Role from the drop down. I would suggest adding the attorney that is initiating the case first. Then add the Petitioner/Appellate and Respondent/Appellee parties next.

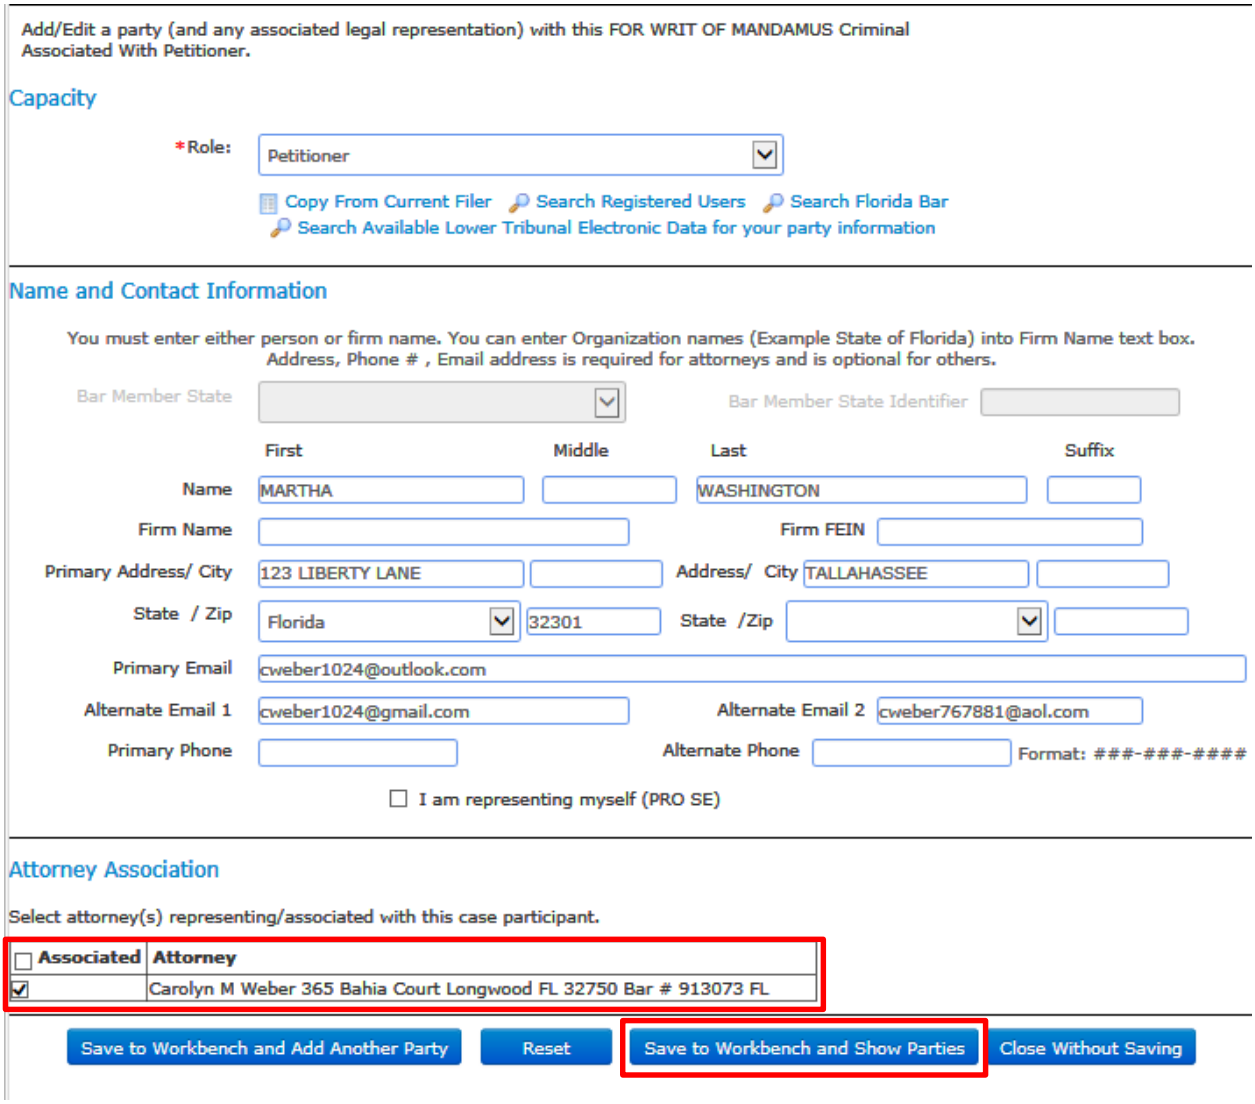
When adding a party you have four options:

1. Pressing on the **Copy from Current Filer** option will add the Filer as a Party and fill in the Party information with the Filer's Portal Profile information. It should be used when the attorney is adding himself to the case.
2. Search registered users and copy their information into the party fields by pressing on the **Search Registered Users** filer option
3. **Search Florida Bar** allows the filer to add attorney information from the Florida Bar directory.
4. Enter party information directly into the fields available.



Then click on **Save to Workbench and Add Another Party**. Go through the above screen to add in all of your parties to the case.

By adding the attorney first, you are able to link the attorney to the party he/she is representing. See the screen shot below.



Continue adding all your parties to the case and when you have finished, select **Save to Workbench and Show Parties**.

The parties you entered will be displayed. To make any changes to the party information, click on the number in the '#' column to get back to the party screen and make any changes necessary. You may search for a document by selecting the **Search** field and typing in your search criteria or you may search the list of documents you have the ability to file using the page number tabs at the bottom of the screen. If the exact document description is not listed, select the document that most closely matches the document you are going to file.

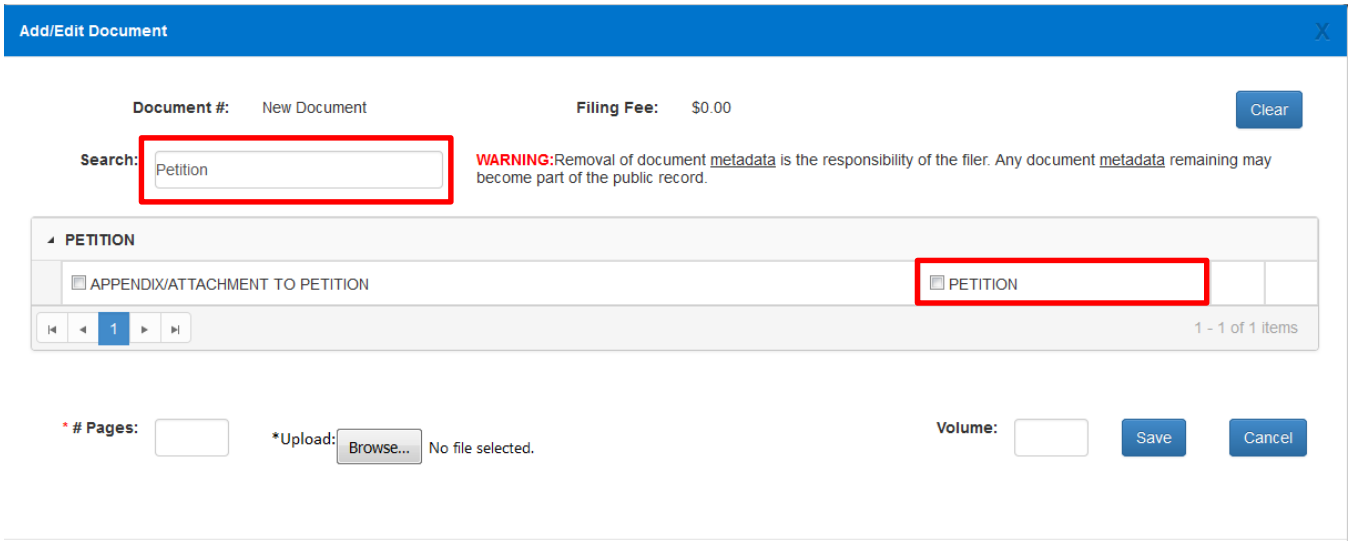
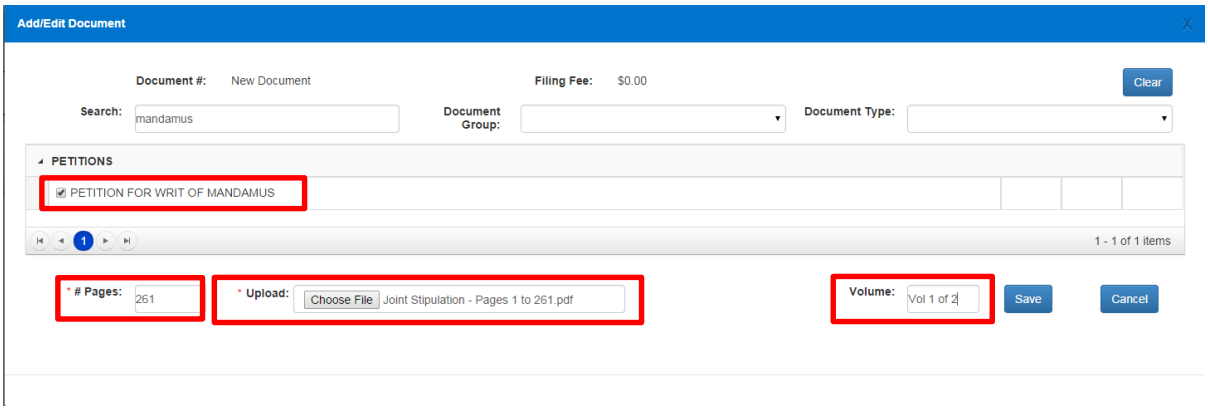
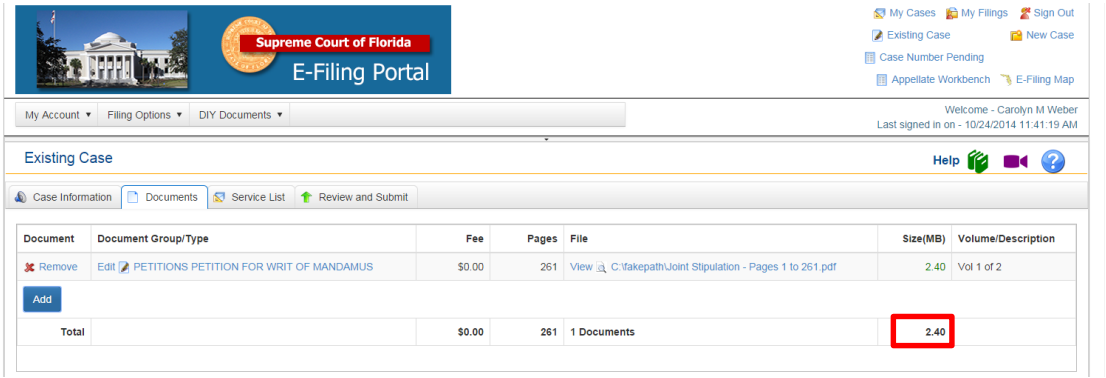
If you use the search feature, type in the most uncommon word in the title of your document and then use your **Tab OR Enter** key to perform the search. In the below example, we will use the word 'Petition' to limit the result set of our search.



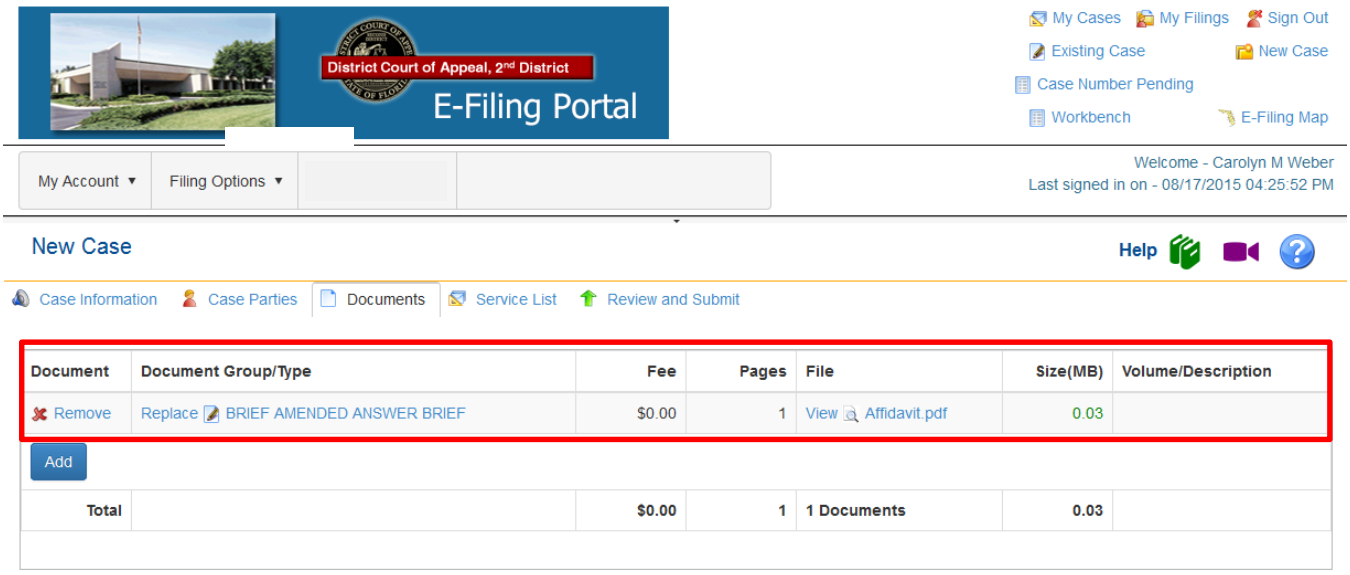
Select the document you wish to file, type in the number of pages, and upload the document. You may also use the Volume field to further identify the document you are submitting. If your document is larger than 25MB, break your document down into two separate files and then submit them individually using the additional text Volume field to identify the volumes. Then click on **Save** to add it to the list of documents you will submit.



Your Document will appear on the Documents page with the file size shown in the far right hand column. You may upload as many documents as you need to file with the total file size not to exceed 25MB

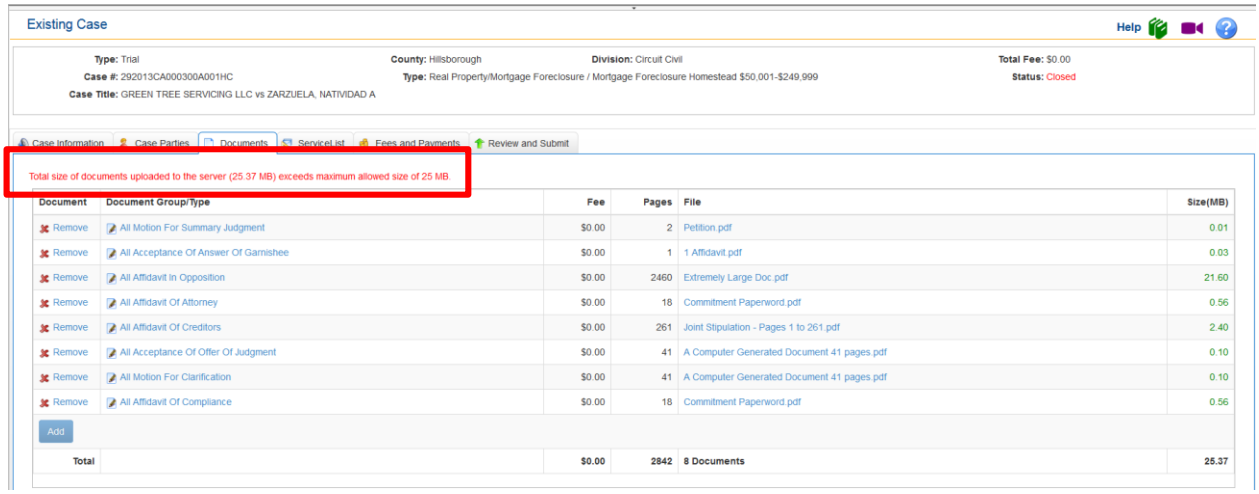


The documents will display in the list.



The document page also allows the filer to **Replace** or **Remove** a document. Clicking **Add** again allows the filer to add another document to the case. The size of the document added also appears so the E-Filer knows when they are approaching the submission size maximum of 25MB. When the size appears in the size column, your document has completely uploaded and you may continue.

The maximum submission size is 25MB. If you attach too many documents to the submission, and it exceeds the 25MB size limit, an error message will appear as shown below.



To file documents that are larger than 25MB, break the document down into two separate files and submit them individually.

When the E-Filer has completed adding or editing all necessary document information, be sure to complete the Confidential Information section. For confidential documents, the E-Filer must attach the Notice of Confidential Information within Court Filing or a Motion to Determine Confidentiality as per Rule 2.420. Then click the **Next** button to move on.

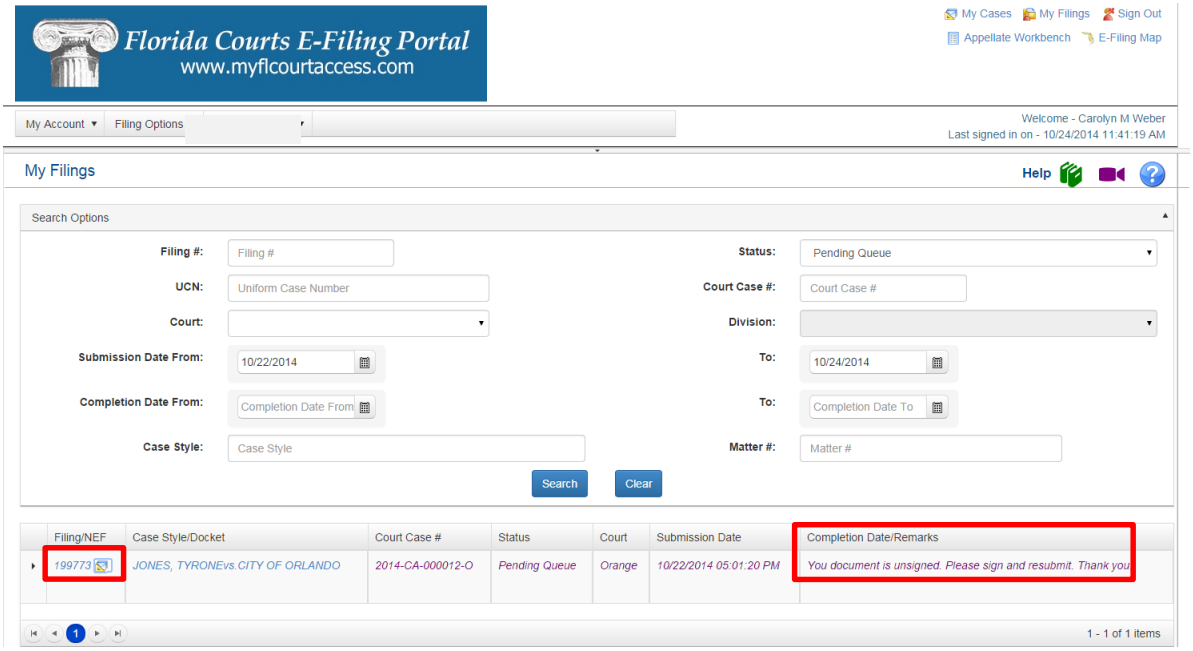
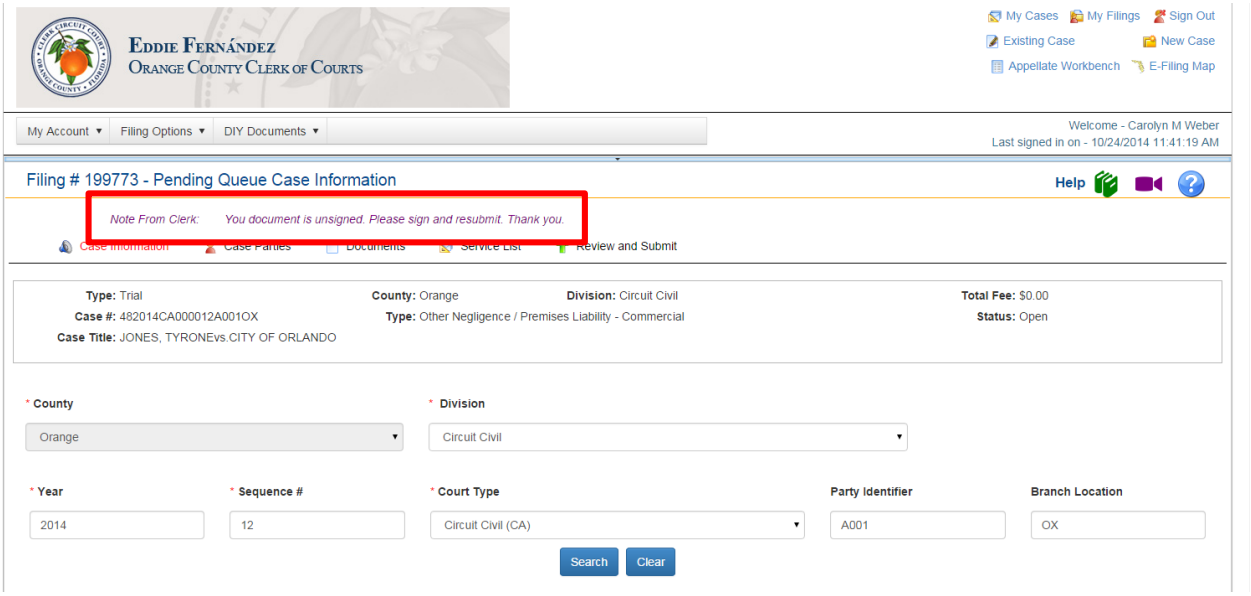
The reason why the submission was returned to the Pending Queue will also be displayed on the **My Filings** page under the Completion Date/Remarks column. A submission can be returned to the Pending Queue for a variety of reasons: document is corrupt, document is unsigned, wrong case number was selected, for case initiation wrong case type was selected, reopen fee is required, etc. The Clerk will explain the problem so that you are aware of what needs to be corrected so that you can make those changes and resubmit the document.



The filer will see the Filing # is hyperlinked as shown above. Click the link to open the filing and make corrections. All filings sent to the Pending Queue for correction must be corrected by the E-Filer and resubmitted to the Clerk's office within five (5) business days as specified in AO-09-30. The **Note From Clerk** is also displayed advising of the document deficiency.



Portal Time Stamp

If there is an issue with the document and you ***remove*** or ***add*** documents to the filing, you will receive a new file stamp date and time for the filing.

If you replace the document, the official file stamp date and time will **remain the same as when originally submitted**.

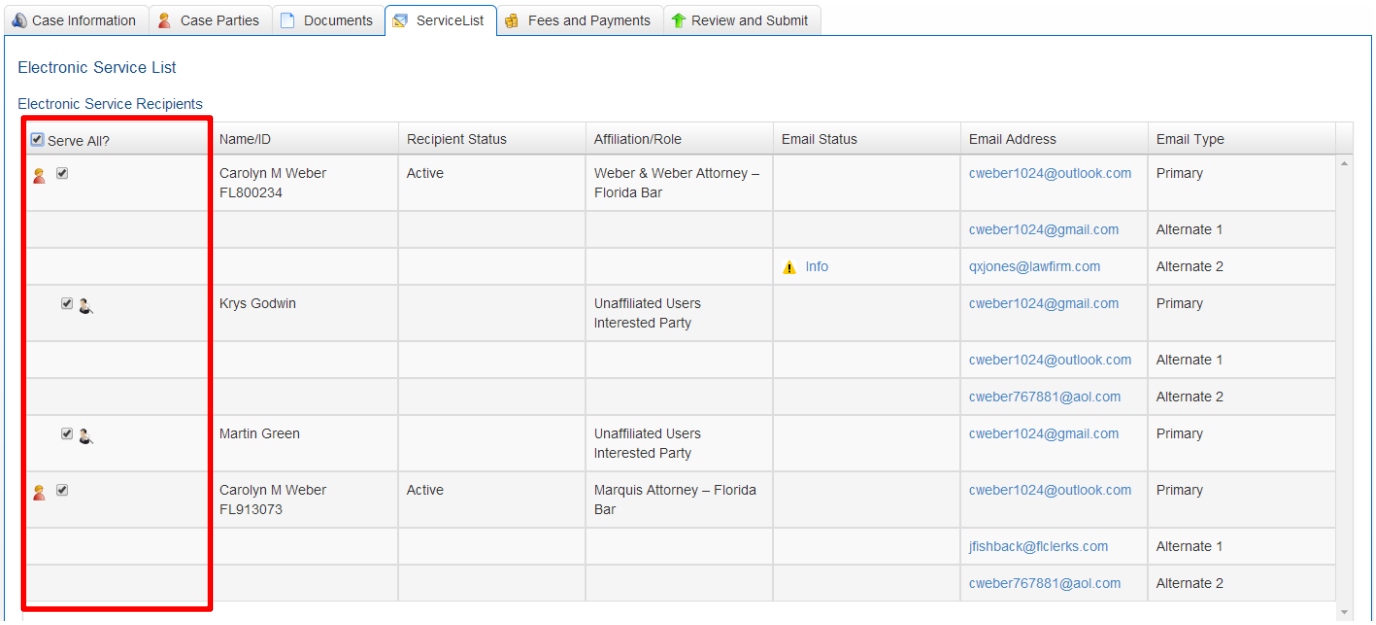
E-service Page

Next you come to the E-service Page. Any attorney that has electronically filed at least one document to the case is automatically added to the E-service Recipient List. To provide service of the documents you are filing, select the names from the E-service List. If you do not wish to serve a person listed in the Electronic Service Recipient list, do not check that name. To select the entire list, place a check in the box next to 'Serve All?' in the column header.



Review and Submit

After the Service List page you will come to the **Review and Submit** page. If your filing is a new case you will have to resubmit your payment. Your payment is not reconciled until the submission has been approved and accepted by the Clerk. The prior authorization will be removed when the submission is returned to the Pending Queue as well.

After the document has been updated and is ready to be resubmitted, check your filing on the review and submit page. To make any corrections, click on the **Revise** button which will take you to the corresponding page where you can make the necessary corrections.

You may save your work on your corrected filing by selecting **Select All and Submit Later**. When you are ready to submit, go to your My Filings page and select the filing ID. The status will remain 'Pending Queue' until it is resubmitted or the Clerk moves it to the Filed for Judicial Review category.
